AUTHORITIES UNABLE TO FIND THAW'S TRAIL

Will Be Charged With Conspiracy, if Found in America

LEFT LETTER TO HIS MOTHER

Warrant Charges Thaw With Conspiracy With Keeper, and Five Men Who Aided in Flying Escape.

Poughkeepsie, N. Y., Aug. 18.—If Harry K. Thaw has not left the country he will be arrested on a warrant charging him with conspiracy and returned to the Matteawan State hospital for the criminal insane. Action with this end in view was taken in a special term of the Supreme Court here this afternoon when Justice Joseph Morschauser issued a warrant for the arrest of Thaw, charging him with conspiracy with Keeper Howard Barnum and five other men in making his escape from Matteawan.

Thaw's escape from the Matteawan asylum occurred at 7:45 o'clock Sunday morning. He came into the grounds from the hospital buildings and strolled around. Howard H. Barnum, for 20 years a keeper at the asylum, was pacing to and fro at the road gate of the grounds. Presently a milkman drove up and the keeper flung open the gate for him. An instant later Thaw made a flying escape through the gate, leaped into a big automobile that stood awaiting him, plainly by prearrangement, and before the keeper could act, the machine was off like a rocket toward the Connecticut State line, 30 miles away. It passed over the State road at a rate of speed estimated at 70 miles an hour. Five men assisted in the escape and warrants were also issued for them, the names being Richard J. Butler, Roger Thompson, Michael O'Keefe, Eugene Duffy and Thomas Flood, Thaw's alleged accomplices. Keeper Barnum, the guard, who opened the hospital gate when Thaw escaped, has been held without bail for examination Thursday.

Justice Morschauser issued the warrants for Thaw and his five alleged accomplices after taking the evidence of several witnesses this afternoon. District Attorney Conger claims conspiracy is an extraditable offense and that Thaw can be brought back to Duchess county, no matter to what State he fled.

Armed with the warrants, Sheriff Fred Hornbeck and his deputies left hurriedly tonight for the eastern part of the county. The sheriff made it known he had received a clue which he expected to lead to the arrest of the five accomplices.

From witnesses today the sheriff learned that all of the men wore dark suits and four of them were clean looking New Yorkers. "Butler is described as being just under six feet in height, roughly spoken, and "ugly looking". Witnesses today included William Gorden, proprietor of the Holland House at Fishkill Landing, where the five strangers stopped. Gordon verified the five names taken from the hotel register. He said the five spent much of their time in the hotel bar room and talked freely. According to Gorden when the men were asked about their business, one of them replied: "I am in the water business; I get the water out of Sheepshead Bay." After the same man said to Gorden: "I am one of those fellows who never likes to see anybody in trouble. I don't care what he has done; when I see a fellow in trouble, I am sorry for him and will try to help him out."

Witnesses Tell Story.

"The men left the hotel together in the two cars Sunday morning," Gorden continued. "They paid their bills and one man asked another in the party if he thought they could be back before night. The other man replied that 'They ought to make it all right'."

Lindley Churchwell, employed at the Holland house, said the car in which Thaw escaped was a 1913 model and was run by a man who gave his name as Thompson. There were numbers on the car, the witness said, but he was unable to tell in the poor light what they were.

Robert Lowery, another witness, told of the approach of the five men to the hospital.

"I was working in my barn Sunday morning," he said, "when I heard a whistle top on the road from Matteawan to Fishkill village. It was a large black car with two men in it. One of them got out and walked up the hill to a point where it was possible to see the rear gate of the hospital. He came down and went back and climbed the hill a third time, each time reporting to his companion. At that time I went into the house and heard a car coming down the hill and some one was yelling. Then I came out and saw the same man jump into the car. I saw the tail of the other car passing the corner and I saw this man jump into the car that had been standing there.

"This car soon followed the other. There were three men in the rear seat of the car that came down the hill and one man in the front seat driving."

Hospital Employe's Account.

Leroy S. Crum, an employe of the hospital, gave the following account of the escape:

"I went to the door some three or four minutes before the car came down the road. I looked up and saw Thaw standing in the middle of the gate and Barnum on the side. I stayed there for over a minute and went to the harness room and when I returned the car was going down the hill. Bobbie O'Dell came in with some milk and I said to O'Dell 'that's Thaw in that automobile.' He replied, 'Are you sure?' and I said it looked very much like Thaw. I did not see Thaw get into the car, but I saw him

MANY PERISH [illegible] VESSEL

Steamer State of California Sinks in Cambier Bay Near Juneu—Twenty-five Passengers and Seven of Crew Dead.

Juneau, Alaska, Aug. 18.—Twenty-five or more passengers and seven members of the Pacific Coast Steamship Company's steamer State of California perished Sunday morning in Cambier Bay, ninety miles south of Juneau, when the vessel struck an uncharted rock and sank in three minutes, with many passengers imprisoned in their state rooms. The steamship left Seattle last Wednesday night for Skagway and way points.

The Dead and missing.

The purser lost all of his records and it is not possible to give a complete list of the missing.

Following is a list of the dead whose bodies have been recovered:

Mrs. A. Burnham, Mrs. Stella Reardan, Mrs. Clara Vanderlas, Miss Lilla Ward, daughter of Edward C. Ward, assistant manager of the Pacific Coast Steamship Company, died after being taken off a life raft. Mrs. Nellie B. Ward, mother of Miss Ward. Four unidentified women.

Following is an incomplete list of the missing who are believed to have perished: Miss Anne L. Cassidy, Miss May Dixer, W. A. Dyer, Blanche Fridd, Minnette E. Harlan, Leslie Hebro, manager of the Pacific Coast Steamship Company's offices in San Francisco; J. Holman, Miss Alice Johnson; Lillian B. Norman, Nick Pittulas, Miss Reardan, Mrs. C. E. Spithill and child, Ben. A. Wade, Miss Wilson. The uninjured survivors, crew and passengers, are being taken to Seattle on the steamer Jefferson, and will arrive there Thursday.

A great hole was torn in the bottom of the ship. The vessel, cargo, mail and express are a total loss. The ship was valued at $400,000.

Distress Signal Given.

The steamship Jefferson, of the Alaska Steamship Line, southbound heard the wireless call of the sinking vessel and turned back to rescue the survivors who had taken to small boats and life rafts. Ten of the passengers had suffered so severely from exposure that it was necessary to take them to a hospital in Juneau for treatment.

The State of California was an iron ship of 2,227 gross tons, was built at Philadelphia in 1879, and carried a crew of 75 men. For many years she had carried passengers between Puget Sound and San Francisco.

The wrecked vessel was commanded by Captain Thomas H. Cann, Jr., who had command of the steamship Valencia on her last trip from Seattle to San Francisco, and who was transferred to another steamer when the Valencia reached that port, thus barely missing being on that ship when she went ashore at Cape Beals, B. C., January 22nd, 1906, with a loss of 117 lives.

MURDER, THE VERDICT.

Or Coroner's July Investigating Death of Wealthy Lumber Man.

Duluth, Minn., Aug. 18.—Murder was the verdict returned late today by the coroner's jury which investigated the death of John McAlpine, Duluth's wealthy lumber man, found shot to death in the basement of his palatial East End home last Friday morning.

The jury found that death was caused by gunshot wound in the head, the weapon being in the hands of persons unknown to the jury. The next official body to take up the murder mystery probably will be the grand jury, which meets in September.

McAlpine was found dead in his home about 3 o'clock in the morning of August 15th by his step son, Dale McAlpine.

His son testified that he did not see the revolver found a short distance from the body when he frst went into the basement. Others of the house were the wife, Mrs. Dale McAlpine, and Miss Margaret Bergen, the maid. All of them declared they had heard no shot fired.

On the stand today Dale McAlpine stated that he first knew his father had been shot when he was told so at the morgue.

Dr. James McAuliffe, deputy coroner described a meeting between Mrs. McAlpine and her son. He said Mrs. McAlpine exclaimed:

"Dale, Mr. McAuliffe says your father was shot through the head."

"Dale gave me a withering look as though he would like to retaliate because I had told his mother," testified the doctor. "Mrs. McAlpine moaned and said: 'I hope you don't think I did it.'"

Testimony by Dale McAlpine did not agree with that of Dr. McAuliffe.

A man named "Fred" was mentioned for the first time. He had threatened to "get even" with Mr. McAlpine, it was testified by Dale.

HENNESSEE NOT GUILTY.

Jury Acquits Prominent Physician Charged With Murder.

Morganton, N. C., Aug. 18—The jury in the case of Dr. E. A. Hennessee, charged with the murder of Gorman Pitts at Glen Alpine, near here last Winter, after being out since Saturday night, returned a verdict of not guilty upon the opening of court here this morning.

Pitts was killed in a fight at Glen Alpine on the afternoon of January 18th. In the fight six men were seriously injured. Dr. Hennessee himself bearing ten wounds in his body from a knife and sustaining a fractured jaw bone. Hennessee was taken to a hospital and his life was despaired of for several days after the engagement. The fight started early in the afternoon when Hennessee and Pitts engaged in a fist encounter. Hennessee went to his home and armed himself and returned to the scene. Bad blood had existed between the Pitts and Hennessee families for some time and the fight was a signal for a general melee. Pitts died several days after the affair.

GYLNN IS GOVERNOR OF NEW YORK STATE

So Declares Attorney General Thomas Carmody

SULZER FACTION STANDS FIRM

Official Opinion Declares Lieutenant Governor Lawful Chief Executive Pending Impeachment Proceedings Against Sulzer.

Albany, N. Y., Aug. 18.—Lieutenant Governor Martin H. Glynn is the lawful chief executive of New York State, pending the outcome of the impeachment proceedings against Governor Sulzer, according to an official opinion handed down today by Attorney General Thomas Carmody, to Secretary of State Mitchell May, Mr. Carmody holds that the Assembly was within its rights in instituting impeachment proceedings at an extraordinary session.

"When the Governor is impeached by the Assembly," says the opinion, "all of his powers are automatically suspended until he has been acquitted or the impeachment proceedings dismissed by the court of impeachment. In the meantime the Lieutenant Governor acts as Governor. This is the plain intent of the constitution. Another construction would nullify its express provision."

With reference to the authority of the assembly to initiate impeachment proceedings the attorney general says:

"It is my opinion that if the Assembly was not assembled, either in extarordinary or regular session it might assemble itself and proceed to the discharge of its power in this regard. Otherwise the Governor of the State could prevent the impeachment of himself and his friends in office, for crimes, however great, after the adjornment of the regular session of the legislature by the simple process of omitting to call the legislature in session."

Neither Governor Sulzer, Lieutenant Governor Glynn or their counsel would discuss the attorney general's opinion tonight.

The activities of the rival gubernatorial camps during the day centered largely on the escape of Harry K. Thaw from Matteawan and the meeting of the public building board to open bids for econstruction work in the capital. The bids for capital construction were opened in Mr. Sulzer's presence by Chester C. Platt, secretary o fthe board, an opinion having been rendered by the attorney general that such action met legal requirements.

The Glynn partisans were elated at the stand taken by the attorney general, as it is customary for the State departments to heed his legal opinions. This tends further to isolate Governor Sulzer from the rest of the State machinery. The policy adopted by Mr. Sulzer of screening his official acts from the public was rigidly adhered to day.

Attorney General Carmody's opinion with refcrence to the status of the governorship and the authority of the legislature lays down these principles:

"After the impeachment of the Governor by the Assembly the powers and duties of the office devolve upon the Lieutenant Governor until the disability shall cease.

"The term impeachment is used in this connection in its ordinary sense and means the presentation of charges.

"The Assembly is not precluded from the exercise of its constitutional powers by the fact that at the time the legislature of which it forms a part, is convened in extraordiary session for other purposes."

The attorney general finds that the claim that the Assembly was without authority to institute impeachment proceedings at an extraordinary session is "clearly based upon a misapprehension of the nature of the functions of the Assembly when adopting and presenting the articles." He adds:

"This is in no sense a legislature function, it is judicial."

LEO M. FRANK.

Makes Statement on His Own Behalf Before the Court.

Atlanta, Ga., Aug. 18.—Leo M. Frank, on trial here for the murder of the 14-year-old girl, Mary Phagan, today made an extended statement in his own behalf at the close of which the defense announced his case completed.

After relating to the jury the story of his early life, leading up to the time he assumed charge of the National Pencil Company's plant here, Frank made a sweeping denial of the acts with which he is charged by the State. He described in detail his movements on the day of Mary Phagan's disappearance as well as that following, when the girl's mutilated body was discovered in the factory basement.

Frank denied that he had ever been guilty of immoral conduct such as that described by Conley. In concluding his statement Frank said.

"Some newspaper man has called me the 'silent man in the tower.' I have kept my words for the proper place and the proper time. This is the place and the hour. I have told you the whole truth."

It is expected that introduction of evidence in rebuttal by the State will begin tomorrow.

Philadelphia, Aug. 18.—Mrs. Fannie Hazard Dickson, granddaughter of Ebenezer Hazard, who was postmaster general in George Washington's cabinet, died late last night at her home here. Mrs. Dickson, who was the wife of Samuel Dickson, a prominent Philadelphia, lawyer, was 75 years old.

TILLMAN WIELDS PITCHFORK AGAIN

Attacks Women Suffrage In Speech Before The Senate.

CALLS IT "BEAUTIFUL DREAM"

South Carolina Statesman Declares Franchise for Women Will Not Tend to Correct Corruption in Politics.

Washington Aug. 18.—Senator Tillman, showing some of the former vigor that won for him the sobriquet of "Pitchfork Ben," attacked woman suffrage in a Senate speech today.

"It is a beautiful dream," said he, "that female suffrage will purify politics. The vital and important thing for us to consider is the effect on women themselves. We had better endure the evils of corruption in politics than bring about a condition which will mar the beauty and dim the lustre of the glorious womanhood to which we have been accustomed all our lives.

We can better afford to have degraded and corrupt politicians than degraded and bad women. To have both in ever increasing degree, as was the case in Rome, would make the world so unspeakably horrible, as well as so corrupt, that good men and women both would disappear from the face of the earth and civilization would be blotted out like it was in the dark ages after the fall of Rome.

"I am so thoroughly a convert to the belief that you can not touch pitch without being defiled, that I shudder to think of the consequence to the womanhood of America should suffrage become universal, taking in both sexes and all races. Yet the experiment is going to be tried, I fear."

Senator Tillman said the demand for woman suffrage was growing too fast to be stopped by "old fogies," like himself and that it was apparent the men of the country would give them what they demanded, "even though it be to their ultimate injury."

"I believe woman will improve politics," said he, "but ultimately politics will destroy her as we know her and love her; and when our good women are no longer to be found and we have lost the breed the doom of the republic is near."

Senator Tillman included in his speech a vigorous attack upon the divorce evil and referred to the Diggs-Caminetti white slave cases in California.

"We have bad women in South Carolina and throughout the South" he said, "but the habits of our people and their customs, inherited from our forefathers, make it dangerous to "monkey with men's women kin." Some Northern people call us barbarians. If the California men had our customs Diggs and Caminetti would not be alive now, because they would be acquitted almost without the jury leaving the box.

"The unwritten law is the best law to protect women's virtue that I know of. The more I think about the Diggs-Caminetti case the more outraged I grow at the state of morals and society which not only premits such crimes but encourages them."

COLLECTOR KEITH IS SAFE

Will Not be Removed on Political Grounds—Wilmington Postal Clerk Protests Against Colored Mail Clerks.

(Special Star Telegram.)

Washington, D. C., Aug. 18.—It is pretty well settled that Collector of Customs Keith, of Wilmington, will be allowed to serve out his commission, which expires some time in 1915. This opinion was expressed by Representative Godwin when asked today as to the status of the Keith case.

Mr. Godwin believes in filling every office with a Democrat just as soon as the office becomes vacant. He does not believe, however, that a man should be removed from office before his commission expires, unless for incompetency or some other just cause. It was pointed out that the case of Postmaster Wallace could not fairly be compared with the Keith job. Mr. Wallace was allowed to serve out his commission and a few months more, while if Mr. Keith is removed now it would be before his present commission expires.

ATTACK PROPOSAL TO FREE LIST SUGAR

Ruin Will Result, if Measure is Adopted, Say Republicans.

MANY AMENDMENTS PROPOSED

Simmons May Urge Daily Sessions to Expedite Work—Sugar Schedule Absorbing Attention of Senate. Would Ruin Louisiana.

Washington, Aug. 18.—Free sugar was the text of the tariff debate in the Senate today, Republican members assailing the Democratic proposal to put sugar on the free list in 1916, predicting the ruin of the Louisiana cane ffisugar industry, and the "gobbling up" by the trust of the domestic beet sugar industry of the country.

Senators Bristow, Smith, of Michigan, Sterling, Smoot, Lodge and Cummins led in the attack on the sugar schedule which bids fair to hold attention of the Senate for several days. No time has been fixed for a vote on the Democratic rates of amendments proposed today by Senator Bristow, which would provide for a gradual reduction of the tariff on refined sugar until the figure would reach $1.26 a hundred pounds in 1919.

Democratic leaders asserted tonight that the Bristow amendments would be voted down, and that there would be no Democratic votes to be cast agains tthe majority, except those of the Louisiana Senators, Thornton and Ransdell, who gave notice of their purpose to the Democratic caucus.

In today's discussion Senator Bristow asserted that the American Sugar Refining Company, which several years ago started out to acquire the beet sugar factories, abandoned the plan because "they found it would be cheaper and easier to destroy this industry through free sugar than to control it by purchase of stock."

Senator Walsh declared that testimony of beet sugar men before the lobby committee was to the effect that the reason the American Sugar Refining Company reduced its holding in the beet sugar plants in the West was because of fear of the Sherman anti-trust law.

Senator William Alden Smith vigorously supporting the Bristow amendments, declared:

"I venture the assertion that the American Sugar Refining Company, nor any of its owners, has not purchased any beet sugar stock since the Democratic party came into power and will not buy any until you have passed your bill and your three years of strangulation have persecuted the beet sugar men and the tremendously reduced price of their stock."

"If the industry is going to be ruined" asked Senator Williams, "why should the stock be bought then?"

"Because the Democrats' lease of power" replied Senator Smith, "is but temporary and there later will be a reaction."

"If this party's lease of power is temporary," Senator Williams returned, "why picture all this despair, why not pass the bill, turn the Democrats out, re-establish your lines and go ahead?"

The Republican Senators unanimously contended that the proposed rates would not cheapen sugar to the consumer.

Senator Cummins said the removal of the sugar duty in 1916 would tend to abrogate the present reciprocity treaty with Cuba, because it would abolish the Cuban sugar preferential, the chief provision of the treaty. He raised the question, however, whether the proposed law or the treaty eventually would prevail.

Senator Lodge, who said he drafted a portion of the Cuban reciprocity treaty declared that the pending bill made an immediate reduction in the sugar rate of approximately 20 cents a hundred pounds and that this reduction would not conflict with the treaty.

Senator Williams also insisted that there was no conflict between the treaty and the bill. The treaty, he said, applied to all imports, guaranteeing Cuba a preferential, but not preventing a change of tariff rates by law.

"Undoubtedly," he added "the bill will give Cuba the right to serve notice of abrogation of the treaty if she wants totake that view of it. But Cuba may conclude, as she gets many other things in preferential rates that it is to her intertst to keep this treaty anyhow.

Senator Sterling said agitation for free sugar had deterred capitalists from erecting beet sugar factories in South Dakota. Senator Walsh, of Montana, expressed the belief that many projected beet sugar factories in the West had been kept from entering the field by the "powers that be" in the beet sugar industry.

Senator Lodge gave satistics to show that the price of sugar gradually had declined for many years and argued that it was idle to expect that free sugar would reduce the cost of living. Free sugar, in his opinion, was destroyed by the cane sugar refiners of the country in order to kill off competition of the beet sugar interests and control the American market absolutely. These refiners, he asserted, the Federal, the Arbuckles and the American Sugar Refining Company, agitated free sugar "because they thought there was money in it."

The amendment of the Senate Finance Committee to the House sugar schedule, which would make the proposed rates effective beginning March 1, 1914, but not affecting the provision for free sugar in 1916, was approved.

At the conclusion of the debate of the day Senator Norris, of Nebraska gave notice that he would offer an amendment to strike out the proposed provision for free sugar in 1916. Senator Simmons announced that unless more rapid progress was made by Wednesday, he would urge that daily sessions begin at 10 A. M.

M'MICHAEL'S STORY ASSAILED

Former Chief Page of the House Subjected to Grilling Cross Examination by McDermott's Lawyers.

Washington, Aug. 18.—Representative James T. McDermott's lawyers turned a grilling cross examination today upon I. H. McMichael, former chief page of the House, planning to shake his story, that McDermott got $7,500 from Washington pawnbrokers trying to beat the Federal loan shark bill.

McMichael referred, in the lobby exposure, to Martin M. Mulhall as chief spy upon Congressmen for the National Association of Manufacturers, testified he had not seen any money given to McDermott, and had only McDermott's own word about the alleged transaction with the loan sharks.

McMichael swore that in an effort to have him "keep his mouth shut", McDermott's brother-in-law had promised him a municipal job here. McMichael said he was to get the job through Attorney Ralston, counsel for the American Federation of Labor, and a former partner of District Commissioner Siddons. Ralston denied that he or the Federation was concerned in the alleged offer.

Isaac Heidenheimer, a Washington pawnbroker, testified about efforts of the brokers to defeat the "loan shark" bill. He said he contributed about $1,500 to a fund raised by another pawnbroker, George D. Horning. He thought about $1,550 of a total of $3,750 raised went to lawyers and printers. He would not swear, however, that the total amount had not been greater than $3,750. With other pawnbrokers, he said, he called upon Representative McDermott in his office twice, but had not discussed the loan shark legislation with him except casually.

WOMAN KILLS TWO.

Divorced Woman Murders Former Husband and His Wife.

Millen, Ga., Aug. 18.—W. S. Godbee, prominent citizen of this place, and his wife, Mrs. Florence Godbee, were shot to death here today by Mrs. Edna Perkins Godbee, from whom he was divorced several years ago. The shooting occurred at the entrance to the Millen postoffice. The divorced woman used a large calibre revolver, which she had concealed in a handbag. Without warning she fired three shots at her former husband, all of them taking effect and killing him instantly. She then turned upon Mrs. Godbee, inflicting three wounds from which she died this afternoon.

After the shooting Mrs. Edna Perkins Godbee replaced her weapon in the handbag and walked quietly to her home, several blocks distant. She was later arrested there, and held without bail. She would make no statement beyond saying she was perfectly satisfied with the success of her attempt.

Mr. Godbee was well known throughout this section of Georgia. He was a member of the board of commissioners of Jenkins county, and had been extensively interested in politics. Although both he and Mrs. Edna Perkins Godbee maintained their residence here after they were divorced, they were not known to have had any dealings with one another.

Mrs. Florence Godbee, who married the murdered man only recently, was formerly Miss Florence Boyer, of Youngstown, Pa.

ASSAIL CURRENCY BILL.

House "Insurgents" Continue Fight on Administration Measure.

Washington, Aug. 18.—"Currency insurgents" continued their attack on the administration currency bill in the House Democratic caucus today. Representatives Calloway, of Texas; Bowdle, of Ohio, and others talked against the bill, while Representative Weaver of Oklahoma, and Brown, of West Virginia, members of the banking and currency committee, defended it. The net result was a further delay in taking up the measure for amendments and general debate may not be concluded in the caucus tomorrow.

Representative Calloway during a long speech declared he hoped there was "some way to bring pressure to bear to make the chairman of the currency committee or members who know tell who it was that originally drew this bill."

McCalloway added that he understood the measure was drawn by John V. Farwell, of Chicago, and other representatives of banking interests. He opposed the plan in its entirety and declared he had a substitute of his own based on the system used in Scotland for 217 years, and Canada for a shorter period without panic.

Representative Bowdle pleaded for delay until the December session of Congress, saying the caucus was pleading general ignorance and "trying to shift the blame on the bill's undisclosed author."

THREE SERIOUSLY INJURED.

When Mob Storms Jail Attempting to Lynch Negro.

Spartanburg, S. C., Aug. 18.—Three men, Frank Eppley, J. C. Owensby and John Turner were seriously injured tonight when a mob stormed the county jail in an effort to lynch Will Fair, a negro prisoner charged with assaulting a young white woman near here today. Sheriff White and a deputy, facing the mob alone, repeatedly drove them back with pistol shots when they advanced with battering rams.

Members of the mob finally returned the fire and in the darkness the three men were struck. They were not fatally wounded, but were taken to a hospital for attention.

The young woman was assaulted in a lonely farm house this morning in the absence of her husband.

HUERTA REFUSES ALL PROPOSALS OF PEACE

Delivers Ultimatum Demanding Recognition of His Government

WILSON IS DISAPPOINTED

Administration Officials Puzzled at the Latest Turn of Events—Situation Discussed at Official Conference in Washington.

Washington, April 18.—Administration officials were puzzled late tonight when they received the announcement through press dispatches that Provisional President Huerta had delivered an ultimatum demanding recognition of his government in Mexico by the United States.

Secretary Tumulty, at the White House, read the Associated Press dispatch from Mexico City received shortly before midnight stating the intention of the Huerta government and immediately communicated it to Secretary Bryan. President Wilson had retired early and was not awakened.

Secretary Bryan said he had received merely cablegrams announcing the rejection by the Huerta government of the American suggestions for a peaceful settlement. In the absence of official confirmation, Secretary Bryan said no announcement would be made by this government.

The Huerta government's rejection of the suggestions made by the United States for a peaceful solution of the Mexican revolution reached Washington late today. President Wilson, Secretary Bryan and Counsellor John Bassett Moore, of the State Department, discussed for nearly two hours the dispatches of John Lind, personal representative of President Wilson, in Mexico, describing the attitude of the Huerta officials.

The President and his advisers were plainly disappointed at the turn of events, but announced that the American government would have nothing to say today. Instead the American communication appealing for a suspension of hostilities and a constitutional election, together with the emphatic statement that under no circumstances could the United States recognize the Huerta regime because it was set up by irregular force instead of constitutional order will be made public tomorrow. In view of the rejection of the suggestions contained in the communication presented by Mr. Lind, its publication tomorrow will constitute a reiteration before the world of President Wilson's ideas as to constitutional government in Latin-America.

In all likelihood today's events means the end of any dealings with the Huerta officials. Though there was much talk in official circles of lifting the embargo on arms and permitting the constitutionalists to get the munitions of war with which they claim they can soon overthrow the Huerta administration, it is likely that such a policy will be carefully considered in the Senate before any action is taken.

The position taken by administration officials tonight was that the United States had done all that a friendly neighbor could do without actually using force. The only interest, it was pointed out, that the United States can have in Mexico, is the protection of lives and property. Financial losses can be met by indemnities, it is believed here, and lives can best be protected by the withdrawal of Americans from the danger zone. To this end officials are considering the removal of Americans and the payment of transportation for the destitute.

A strong sentiment in favor of giving the constitutionalists arms on an equality with the Huerta faction exists in the Senate. President Wilson is said to be opposed to such a measure, as it is not a move in the direction of peace, but he has not finally made up his mind on the subject. Senator Bacan, chairman of the foreign relations committee, was informed by the State Department of the rejection of the American communication by Huerta. He made this statement on the situation:

"Whatever the result of the present negotiations, the American people will be conscious of the fact that the President has done his full duty in trying to bring about a satisfactory solution of the trouble in Mexico. Foreign governments will realize also that the United States has shown its friendly intentions toward a neighboring republic.

"I am particularly gratified to know and have the public realize the earnestness with which Republican Senators, with a very few exceptions, have upheld the hands of the President and it is through a continuation of such co-operation that we will be able to carry out our foreign policy in the Mexican situation. Fortunately there has been no disposition to draw party lines, Republicans being just as zealous as the Democrats, striving earnestly to handle the question on a broad, patriotic basis. Speeches by Republican Senators on the floor of the Senate have at no time shown partisanship. The President's recent conference with the entire Senate committee on Foreign Relations, resulted in a strong feeling of co-operation which we hope will continue. He is conferring daily with Senators, regardless of party, which means that the American government is moving with a single patriotic purpose in a delicate international affair."

Huerta Defiant.

Mexico City, Aug. 18.—Provisional President Huerta, replying today to President Wilson's note, which was recently delivered to the Mexican government through ex-Governor John Lind, refused mediation in the Mexican situation or any similar suggestion made by a foreign government. Mr. Lind has forwarded Gen. Huerta's

MACKS DROP THIRD STRAIGHT

Tigers Won by Ninth Inning Rally. Naps Defeated by Senators—Whites Beat Red Sox—Yanks Won From Browns.

A dramatic ninth inning finish—a sizzling single with 1 man down and 2 on bases—gave the Detroit Tigers the distinction of taking the third game from the Philadelphia Athletics for the third time during the season tha the League Leaders have suffered three consecutive defeats. Moriarity was the man with the timely single, with Gainer on second base. Gainer cross the plate with the winning run, the final score being four to five.

Hits and runs were even with the Senators and Naps for nine innings of yesterday's opening contest, but in the tenth inning a batting rally by the Nationals was good for three runs, which gave them the victory six to three. The Naps took the final game of the series with the Athletics on Sunday, making it three out of four for the series, and now stand just five and a half games from the top of the column.

The White Sox took a one-to-nothing game from the Boston Red Sox, by virtue of a daring double steal by the Collins-Chase combination in the second inning. The hits were even, six-six, between Bedient and Russell.

The New York Yankees won from St. Louis Browns by a two to four score.

Dramatic Finish.

Detroit, Aug. 18.—One man was out in the ninthfi two were on the bases, Moriarity shot a sizzling single into right and Gainer raced home from second with the run that enabled Detroit to deefat Philadelphia today, 5 to 4..

Got Fadeaway By Accident

Cleveland, Ohio, Aug. 18.—Cy Falkenberg, the Celevland right-handed pitcher, master of the fadeaway ball, which has gummed up the batting machinery of many a ball club this season, confesses that he learned by accident how to throw the deceptive twist. Nap Rucker had the same experience in finding his famous drop.

When Cy left the University of Illinois and broke into professional ball, his pitching repertoire consisted of a dazzling fast ball, a good curve and good control.

Cy served his apprenticeship in the Tri-State and Eastern leagues, from which he graduated to Washington. There he was advised to add a slow ball to his collection of pitching stuff.

Hbe assisted Coach Huff to coach the University of Illinois team the following spring and at the same time worked on that slow ball. He noted a pecunlarly slow ball one afternoon and remembered he had taken the wrong grip on the ball. His catcher was forced to drop to his knees to stop the sphere.

Falky tried the "wrong" grip again and to his amazement saw the ball take that same sudden shoot.

"I guess I've found something," he said to his catcher. He tried again and again with success, and then decided he would try the ball on the first batsman who faced him. The experiment proved a huge succes, for the batter struck at nothing two feet above the ball.

When Bris Lord left the Naps to go to the Athletics he carriew with him a tip on how to beat Falky when he used the fadeaway. Cy didn't catch on for a long time. When he did he changed his style of delivery. The Athletics, who had been at it some time were again as much mystified as ever by the odd-breaking ball.

CHESS TOURNAMENT.

Russia and France Take Chief Honors.

New York, Aug. 18.—Russia and France carried off the chief honors in the Interantional Chess Tournament between 14 experts just concluded at Shevenen in the Netherlands, according to advices received here today. The first prize was won by A. A. Alechine of Moscow, who made a score of 11 1-2, the second by D. Janewski, of Paris, who scored 11. The other prize winners were Dr. A. G. Olland, of Utrecht, 9-4; F. D. Yates, Leeds, 8 1-2 to 4 1-2; Edward Tasker, of London, 8-5; G. J. Breyer, of Budapest, and J. W. DeKolste, of Cravenage, each 7 1-2 to 5 1-2 tied.

Not Mrs. W. J. Kerr.

In connection with a notice that appeared in The Star Saturday morning relative to the death of Mrs. Grimstead it was stated that among the surviving children was Mrs. W. J. Kerr. This is a mistake, as the name of the daughter referred to is Miss Mamie Grimstead, and not Mrs. W. J. Kerr. W. J. KERR.

MYSTERIOUS DISAPPEARANCE.

Authorities Attempting to Find Missing Millionaire.

St. Paul, Minn., Aug. 18.—Policemen and detectives tonight are attempting to find George W. Griggs, a millionaire bachelor, who they believe may have been murdered. Mr. Griggs, who is a member of a wholesale flour and feed firm, disappeared Sunday. A coat and hat belonging to Griggs were found today on a barge. In the coat were four twenty dollar bills and some stationery belonging to the Griggs firm.

Cobb Would Lose Job If Johnson Always Pitched

If Walter Johnson were pitching against a team made up of the ten star batsmen of the American League in a short time their brilliancy as stars would be dimmed. If these ten fence busters faced pitchers who could deceive them as Messrs. Wood, Falkenburg and Johnson, and they were fed on a steady diet of such pitching, they would be reduced to the ranks of the ordinary.

Just three out of the ten have batted .300 against Johnson—Jackson, Speaker and Crawford. And four batted .300 or better against the seasoned stars of the American League moundsmen. While Johnson, Falkenburg and Joe Wood have proved an enigma to the select ten who are well within the glory circle, the other three—Bender, Plank and Gregg—have failed to stop the great batters with any degree of success; in fact, most of them have fattened their batting averages off the two left-handers and the "Big Chief."

The star hurlers of the Athletics have been easy for the leading swatters. Bender's delivery has been maltreated to the extent of 18 clean hits in 44 tries, which would give a batting average against the "Chief" of .409. Plank suffered to the extent of 20 hits to 48 times to bat, an average of .417.

The ten leaders made one-third of the hits registered against Plank and Bender. So it will be seen that the 100 or more batsmen who compose the roster of the American League had little or no chance with the Athletic duo.

These statistics reveal some peculiar phases of the batting and fielding game. Collins must be a terror to all recruits and ordinary twirlers, for he has a batting average of only .150 against the six pitchers herein named. Speaker is the champion in the general averages against the selects, followed by Crawford, Cobb and Jackson.

In the 99 times the cream of the hitters faced Walter Johnson, they managed to flail out 22 hits, a batting average of .222 against the man from Kansas. Falkenburg showed great skill when facing Speaker and Collins, and more than held his own, the heavy artillerymen registering a batting percentage of .258 against his delivery.

Cobb has batted only .111 against Johnson; .333 against Plank; .666 against Chief Bender, and 1.000 against Falkenburg.

Jackson has a record of .454 against Johnson; .200 against Plank; .272 against Bender.

Larry Lajoie batted .125 against Johnson; .333 against Plank and .300 against Bender, or a total average against the big six of .295.

PIRATE CRAFT SCUTTLED

Giants Won Both Ends of Double-Header—Phils Lost to Cubs—Dodgers Took Tow—Braves Won From Reds.

Cartoonist Al Demaree, along with other major league twirlers, seems to have developed the record breaking habit, and yesterday afternoon pulled off his ninth consecutive win for the Giants, defeating the Pittsburg Pirates in the first game of a scheduled double-header, allowing ten well scattered hits to the Pittsburg crew. In the second game of the afternoon, big Jeff Tesreau held the visitors to the same number of hits, and also won his game. Both twirlers easily went the route without calling for assistance.

A batting rally by the Chicago Cubs in the ninth inning, netting them nine hits and six runs, won from the Phillies by a 10 to 4 score, the game having been tied up at the opening of the final inning.

The St. Louis Cardinals dropped both ends of a double-header to the Brooklyn Trolley Dodgers yesterday afternoon, the first game having been a spectacular pitchers' battle between Allen and Rucker, the former holding the visitors to four hits, while Rucker allowed an even half dozen. The second contest was more productive of hits, a total of 21 having been the fruits of the game.

The Boston Braves won a six-inning contest from the Cincinnati Reds by a 4 to 1 score.

COBB VS. JACKSON

Tyrus Raymond Cobb, for whom President Navin turned down a certified check for $100,000 last Friday afternoon, kept pace with Joe Jackson for only one day, and in Saturday's and Sunday's game slipped back eight points in the rear.

Jackson was credited with two safeties in three trips Saturday, and one hit in four trips Sunday, while Cobb made four attempts with but one success in Saturday's matinee at Washington, and fanned wildly on each of his two trips Sunday.

Snodgrass Is Playing Game

Fred Snodgrass who is just now very busy writing a .320 batting average and a series of sensational fielding stunts into the records for the Giants, is rapidly living down the cticism and abuse heaped on him for his error in the late world's series. The blush is now on the other cheek, so to speak, and those who were loudest in their condemnation of McGraw's center fielder last fall are now shouting his praises.

Snodgrass has been the sensation of the Giants this season. With the exception of his first year on the club, the Californian has never been a very good hitter. His range was around .260, which is some distance from the select .300 class as hitting goes. This season, without any warning, Fred started to whale the ball, and by degrees worked himself across the .300 mark and continued on. He and Fletcher are now leading the balance of the club in hitting, this including Meyers and Doyle, the former demon sluggers of McGraw's contingent.

Snodgrass came through with his batting streak at a most opportune time, too. He started his batting rise when Doyle was in a slump and maintained the average which it was formerly Captain Larry's duty to keep toned up.

It is a peculiar coincidence that two of the Giants who came in for criticism for their work in world series games have redeemed themselves by having god seasons the following years. Murray after going hitless in the series with the Athletics, came back and had a great season in 1912, and was a big factor against the Red Sox. Snodgrass only needs to star in a world's series now to completely erase the smudge from his baseball escutcheon.

ROADS MUST TAKE INITIATIVE

If Any Further Rate Conferences Are Held—Corporation Commission Has No Suggestions—Travis, is Sick in Bed.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 18.—It is not known wether theer will be further conferences with the railroad officials on the freight rate matters before the Legislature convenes in special session or not. The Corporation Commissioners officially informing the railroad companies of the rejection of their last proposition for settlement, made no suggestion of further conferences, leaving this entirely to the initiative of the railroad officials. There has been no reply yet from the railroad people.

Governor Craig has received from Capt. Thom, general counsel for the Southern Railway Co., a note to the effect that President Finley, of the Southern, is abroad just now, and will not be back in the United States until September 1st, and that he is sure that on his return President Finley will be glad to take up with the Governor any matters bearing on the differences between the State authorities and the railroad officials as to inter-State freight rates.

Governor Craig says that while he is very much in hopes that the Legislature can dispose of both the freight rate and the constitutional amendment matters during the 20 days' limit of the extraordinary session called for September 24th, still he has the authority to call an additional special session of 20 days to immediately succeed the one already called, and he will not hesitate to do this in the event he finds that it is necessary in order to give ample time for attending to the important business to come up.

Chairman Travis, of the Corporation Commission, continues unable to be at the offices of the commission and, indeed to be out of bed, from the effects of the accident that befell him more than a week ago when he struck his hip against the corner of a table. He ordered a hack to go to the office today but when he got out of bed and tried his hip in dressing, conditions proved so serious that he was obliged to get right back to bed.

Mr. Travis is especially chafing under his a iction because of pressing duties that necessitate his presence at the offices of the commission. There is the pending negotiation with the railroad companies over the adjustment of freight rates and more especially the assessment of taxes against the corporations of the State, a work that has a vital bearing on the revenue of the State. Commissioners Lee and Pell and Secretary Maxwell are handling the situation the very best they can, but miss the leadership and counsel of the chairman.

Governor Craig issues commissions to Judge B. F. Long to hold the first week of Mecklenburg county Superior Court, beginning September 1st, and to Judge J. L. Webb to hold the second week beginning September 8th, in the sead of Judge Duls, of Mecklenburg, who is unable to preside at this time, being at his home sick.

A charter is issued for the Paw Creek Telephone Co., of Charlotte, capital $2,000 authorized and $200 subscribed by Plummer Stewart, F. A. Wilkinson, T. W. Sadler and G. L. Neal for rural telephone service. Also theer is a charter for the Alta Motor Car Co., of Moore county, capital $10,000 authorized and $1,500 subscribed by W. A. Page and others.

ADVENTISTS' CAMP MEETING.

Great Gathering at Greensboro Beginning Thursday—Churchmen.

(Special Star Correspondence.)

Greensboro, N. C., Aug. 18—The 11th annual conference and camp meeting of the North Carolina Seventh Day Adventists will begin a 10-day session here Thursday morning, August 21st, in a city of tents, at which delegates will be in attendance from all parts of North Carolina. The big encampment has been in process of erection for the last week and is now in readiness for the first arrivals. The conference will remain in session until Sunday, August 31st.

Delegates from all of the Seventh Day Adventist churches in the State have been elected to this meeting on the basis of one delegate to every 10 members of the congregation. The largest delegations will come from Asheville, Greensboro, Archdale, Albemarle, Baker Mountain, Banner Elk, Cleveland, Eufola, Hildebran, Kernersville, Naples, Newbern, Valley Crucis and Wilmington. Others will come from widely separated places throughout the State.

A large number of family tents have been pitched in which the delegates and visitors will live during the encampment. A dining and grocery tent will supply all of the provisions for the 10-day session. The young people will have their own assembly tent, there will be a book tent, in addition to the great canvac pavilion in which all of the preaching services and the business sessions of the conference will be held.

All of the ordained and licensed ministers, the Bible teachers, the church school teachers and the other laborers in the conference will be in attendance at this meeting, as well as several leading ministers and lecturers from various parts of the country. Among the leading speakers from outside the conference will be Elder O. Montgomery, of Atlanta, the president of the Southeastern Union conference which includes Florida, Georgia, North and South Carolina and the eastern half of Tennessee; W. H. Williams, of Atlanta, the secretary treasurer of the Southeastern Union conference; Prof. H. M. Hiatt, of Boston, the secretary of the educational department of the Southeastern Union conference; V. O. Cole, of Atlanta, the superintendent of colporteurs of the Southeastern Union conference; Prof. C. L. Stone, of Graysville, Tenn, the principal of the Southern Training School; L. D. Randall, of Atlanta, the manager of the Southern Publishing Association, and Evangelist Carlyle B. Haynes, of Atlanta, a lecturer of the American Religious Liberty Association and the Anti-Cigarette League.

Number Candidates Baptized.

At the Rock Quarry near Bellevue Cemetery Sunday afternoon at 2 o'clock an open air baptismal service was held by the colored people which was attended by over a thousand people, many of these being white. There were about 20 baptized. It is announced that there will be another service at the same place in September. A lecture entitled, "How to Prevent the Spread of Tuberculosis," was given last night at the Colored Chautauqua pavilion, Ninth and Red Cross streets.

Bullet-proof armor to protect pilot, passengers and motor is required in the latest specifications for aeroplanes for the United States Army.

CHANGE FREIGHT AGENTS.

Mr. E. E. Hunter, of Raleigh, Succeeds Mr. F. A. Fetter.

Effective yesterday, Mr. E. E. Hunter, formerly commercial agent for the Seaboard at Raleigh, succeeded Mr. F. A. Fetter, the popular commercial agent here for the Seaboard for the last several years, who resigned about a month ago to take a position as special agnt for the Atlantic Life Insurance Company, of Richmond, Va., with headquarters in Raleigh. Mr. Fetter left Saturday night for his future home in Raleigh. He has the best wishes of the many hundreds of friends he made in Wilmington during his stay here.

Mr. Hunter, the new commercial agent, was out of the city yesterday, but it was announced that he would arrive today. It is understood that this will be made a division freight office for the Seaboard, instead of a commercial agency, as it has been in the past. It was impossible to confirm this rumor yesterday, owing to the absence of Mr. Hunter from the office.

The carpenters began bright and early yesterday morning to prepare the ladies' reception room of the Orton Hotel, which is to the right of the lobby as one goes into the hotel, for occupancy by the Seaboard agent's office. The present office is on the left, and as soon as the contemplated improvements are made in the new offices will provide a much larger space in order to take care of the increased amount of business that it is expected will be handled by this office.

Mr. Hunter during his stay in Raleigh made many friends who regret to give him up. Needless to say, he will receive a most cordial welcome in Wilmington.

SHOT PISTOL FROM CAR.

Atlanta Passenger Caused Much Excitement Sunday Night.

A man registering as E. A. Holbrooks, of Atlanta, and said to have been considerably under the influence of whiskey or some other intoxicant, caused much excitement on a beach-bound suburban car as it crossed the trestle at Banks' Channel early Sunday night, when he jerked out his pistol and began firing out of one of the car windows. Passengers were greatly alarmed, naturally. Holbrooks got off at the first station and a telephone message was sent to the city for Constable Davis, who went down on the next car. The visitor was placed under arrest and brought to the city, where he spent the night in jail. A charge of carrying a concealed weapon was lodged against him. Yesterday morning he gave $100 cash bond for his appearance at trial Saturday morning before Justice Harriss. In the meanwhile, he is said to be on a fishing trip out from Wrightsville Beach. The Tidewater Power Company and beach hotel managers are anxious to prosecute the visitor, for it is a well known fact that Wrightsville Beach prides itself upon the excellent order maintained there, and it is the purpose to keep the town free from rowdyism.

September Weather This.

Beginning Sunday morning Wilmington people have for the last two days enjoyed real September weather with cool even temperatures and fair skies. Even old Sol put on his Fall attire and all day yesterday one could not have told from appearances that September had not well nigh come. While Kansas blistered and sweltered under a scorching Summer sun Wilmington people enjoyed themselves to the utmost with the cool refreshing breezes and low temperature which prevailed.

Hooray! Blood Free of Impurities

Eczema Gone! Acne, Tetter, Rash, Pimples, Carbuncles, Boils—Banished!

S. S. S. Drives the Demon of Bad Blood Back to the Woods.

The under layer of skin is a fine network of tiny blood vessels in which the famous blood remedy, S. S. S., works with remarkable activity. This is why S. S. S., the best known blood purifier, has such a positive action in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from this fine network of blood vessels in the skin, those elements which it requires for regeneration.

Thus, pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin, is met with the antidotal effect of S. S. S.

Under the influence of S. S. S. this fine network of blood vessels in the skin is constantly taking from the blood the nutrition required for healthy tissue, and the cause of disease is just as constantly becoming removed, scattered and rendered harmless. These facts are more fully explained in a book on skin troubles sent by The Swift Specific Co., 190 Swift Bldg., Atlanta, Ga. You will find S. S. S. on sale at all drug stores. Get a bottle to-day and banish all skin afflictions.

WITH THE MOVIES

It is a swell opening of what is going to be an ultra-swell week the Bijou—the theatre that's electrically cooled and electrically ventilated—made yesterday, presenting a big bill before big and delighted audiences. The second superb and large bill will be offered today and the many film gems will be headed by the Vitagraph's great comedy drama triumph, "Getting Up a Practice" in which the popular and clever actor, Maurice Costello, will star. It tells how a young physician "puts up a job" on the village folks in order to make them think he is great and therefore enjoy a big practice. Selig has its latest dramatic on today in "Put to the Test"" It is of young singer who is deserted by the man she thinks she loves when he thinks she has lost her voice. But she has not, and her triumph for both love and fame is wonderful and makes a brilliant climax. One of the merriest and snappiest of comedies is also a feature today in "Cupid Through the Keyhole," depicting what Cupid does in matching hearts.

The Grand Today.

A great, gripping banking and baseball story will lead the many good things today at the handsome, cozy Grand, where comfort is tremendous and joy unlimited. This story of both financial house and ball diamond is Selig's latest and most masterly effort, "A Shortstop's Double." It is an intensely dramatic story of how a gang of crooks try to rob a bank, by getting into the good graces of the bank's messenger. The bill today is going to be especially big and enjoyable for comedy, as there is a trio that can't be beat as fun producers. One is the Biograph's "Faust and the Lily", which is a farcical version of the noted drama and one that will bring forth screams of laughter. Another jolly one for today is "An Old Maid's Deception," and it is rich for laughs and decidedly unique in the comedy line. The Vitagraph's "Papa Puts One Over" is another great chuckle photoplay on today and should not be missed.

CHARLIE M'GOUGAN KILLED.

Fayetteville Man, Mortally Wounded, Shoots Slayer Dead.

(Special Star Correspondence.)

Fayetteville, Aug. 18.—According to a telegram received here, Charles McGougan, nephew of Dr. J. Vance McGougan, of this city, was shot and killed by a negro at his turpentine camp at Perry, Fla., yesterday morning, and returning the fire killed his slayer. Both men died about the same time.

Mr. McGougan was, with D. C. and J. W. Malloy, part owner of several turpentine distilleries in Florida. A worthless negro, who had a bad reputation, particularly as a gambler, was hanging about the Perry camp Sunday morning, when Mr. McGougan ordered him away. The negro drew a pistol and fired on him. After he had been mortally wounded, the white man returned the fire with fatal effect.

The remains will be brought up on Atlantic Coast Line train No. 82 tonight, coming on to Fayetteville if the through train cannot be stopped at Parkton.

Charles McGougan was the son of J. D. McGougan, of Lumber Birdge, Robeson county. He was a young man whose character gave great promise of what he might do, energy and brightness of mind combining in him. In the five years he had been in Florida he had amassed a fortune, though he was but 26 years old.

Aunt Sally's Advice to Beauty Seekers

K. F. C. says: "My skin becomes so greasy every Summer, and this so attracts dust and dirt that I have an awful time keeping my face clean looking. Can you suggest anything?" The method mentioned in reply to Eloise will overcome this condition.

D. N. A. writes: "How can I get rid of crowsfeet and wrinkles about the mouth corners?" Use a wash lotion prepared by dissolving 1 oz. powdered saxolite in ½ pt. witch hazel. This tightens the skin, tending to disperse wrinkles, and its tonic effect is more than temporary.

Eloise says: "My freckles are worse than ever this year, made doubly conspicuous by a pallid complexion. Is there any cure?" Ask your druggist for an ounce of mercolized wax, apply nightly like cold cream, removing in the morning with warm water. As the wax gradually and harmlessly absorbs the affected cuticle, not only will the freckles vanish, but the new and younger skin which appears will have a healthy color. Probably you will need to continue treatment a week or more.—Woman's Realm.

When a politician becomes an editor he loses caste unless he is some sort of an editor.

Women can defend the vanity of women but men cannot offer even an excuse for the conceit of men.

The outcome of the world series is now the question that bulks big on the American horizon. What is the tariff to this?

President Wilson will prove to Europe that he knows how to rule this country and also take a statesman's position with like reference to Mexico.

The hope of his country is to become a grain making and a meat-producing country. The South is depended upon to keep beef from going to 40 cents a pound.

Sulzer let his private affairs run away with him once, but when it came to selling the people to keep his record hidden, he declined. There is that much to say for him.

A hundred new bales of cotton from various portions of the South is a guarantee that the South will soon be ready to furnish the basis of credit for the National banks of the country.

Several bales of th new crop of cotton in the South Atlantic means that the South's basis of credit is recognized without formal action. Cotton is as good as the cash everywhere in the world.

The country is greatly interested in the concessions to venders and amusements at the Panama-Pacific exposition at San Francisco. As usual, the humbug part of the show will be the greatest feature.

A lady of 30 years of age hit a lady friend because she referred to the party of the first part as an old maid. People who are only 30 years of age are just old enough to know better than to waste time in rowing about it.

The opening of the Panama canal means more to Southern ports than to the rest of the country, yet we are backward in preparing for our share of the export and import traffic that will come naturally on account of the Canal.

The tax rate of the county for the ensuing year is to be $1.10. This is high enough but it is not as high as had been expected in view of the recent bond issue for schools and roads. The expectation was that it might go as high as $1.25.

President Wilson is even willing to stick to his post till the snow flies in order to give relief to the people. Those who keep Congress in Washington will have to answer to the people for not revising the tariff in accordance with the wishes of the people.

With the issue of August, 1913, Colonel W. J. Bryan announced the "New Era" when The Commoner entered upon the career of a monthly magazine. We do not accept it as a "new era," whether the Commoner is a weekly, a monthly or a daily. The Commoner represents a principle, and it is good for either a week or a month.

A long-headed man tells us that it is only a matter of time before women will be voting in North Carolina and every other State. However, he sees trouble in store for us when it comes. The family, he points out, is the unit, and with its head voting one way and its heart the other, he foresees divorces galore and the disruption of the unit.

Quite a number of North Carolinians are named Noah but they did not come out of the Ark. They are up to now. One of these latter day Noah's is Mr. Noah M. Hollowell, who has associated himself with Mr. Geo. F. Garlington in the control of the French Broad Hustler for a period of one year. They leased the paper from Mr. M. L. Shipman, one of the live wires of newspaperdom, who has become one of the State's best known officials. We are told that Noah and George are young men, which is a guarantee that they will do justice to the Hustler.

JUSTICE TO THE GIRLS.

The Georgia Legislature has established a reformatory for girls and has led the way for social justice in a direction that means much to that State and its sister States of the South. The Atlanta Journal saying that "it is not charity but simple social justice," has the following:

"Every Georgian with a sense of social justice or economy will applaud the Legislature for its enactment of the bill establishing a State reformatory for wayward girls. This measure involved more than a matter of worthy sentiment or compassion, it involved a clear-cut public duty from which the State could not shrink at the peril of public interests and human rights. The establishment of such an institution is not to be regarded as an act of charity, unless we use the term in its larger meaning; but as an act of practical wisdom; and indifference or opposition to a claim like this is not so much the evidence of a hard heart as it is of a darkened or feeble understanding.

"Time was when there were backward looking men who begrudged the appropration of a dollar for the conservation of natural resources. They would ridicule the idea of the State's spending money to protect field and orchard against insect pests, or to increase the productive power of the soil or to prevent the waste and sacrifice of elements on which material welfare depends. They decried the scientist as visionary and all plans for agricultural betterment, as extravagant. But happily for themselves as well for society, they were long since forgotten in the march of progress.

"We are awakening today to the importance of human conservation, realizing that if it be neededful to save and to develop the sources of our physical wealth it is incomparably more so to care for our social well-being. Problems of this kind are seen today in their vital relationship to the community as well as to the individual; and among such problems none could be more urgent than that of the wayward girl, with tremendous possibilities for harm, if neglected, but with immeasurable possibilities for good, if reclaimed.

"The Legislature has shown admirable judgment in opening the way for a State institution that will serve the same purpose of delinquent girls as that of the reformatory already established for delinquent boys. It is to be gretted that a more adequate fund to this end could not be secured but the significant and cheering fact is that the State has recognized its plain duty in this regard and has moved forward in the right direction."

Georgia has led the way for conservation of humanity in the South. Her action is but an evidence of the national awakening that is spreading and which means human betterment al lover the country. The question is one of humanity, but not one of relentlessness or vindictiveness.

WHEN THE CANAL IS OPENED.

The country is now looking forward to the early opening of the Panama Canal. Col. Goethals, the chief engineer, already has announced that the water will be turned into the entire canal about the middle of October, some 60 days hence. Then the waters of the Atlantic and the Pacific will be intermingled. Probably soon afterwards a navy vessel will be sent through as a test. The next event will be the formal opening of the canal for traffic. Whether that event will be celebrated, and in what manner, is now being discussed. The New York World referring to the probable ceremony to be observed, says:

"All manner of suggestions have been advanced as to the proper form of ceremony on the opening of the Panama Canal. It has been urged that the battleship Oregon be chosen as the first ship to pass through the Isthmian waterway because of its historic race from coast to coast during the war with Spain. Col. Goethals, who is a matter of fact engineer, favors granting the honor to a railway transport, and he usually has his way in the Canal Zone. Now comes Assistant Secretary of State Osborne with the happy thought that the bones of Columbus, which repose in Santo Domingo, be placed on the first ship to go through the canal. But why drag in Columbus What is the matter with Balboa, who was the first to traverse the Isthmus and discover the 'Great South Sea'? It is a delicate question to decide with what rites shall be celebrated the opening of the canal. Shall it be a spectacle for tourists or a solemn national event? If it is to be a spectacle purely, any showman can devise the necessary theatrical accessories for a pageant. If the canal is to be dedicated primarily to military purposes, then superdreadnoughts and 13-inch coast defense guns deserve first rank in the celebration. Or, if it is to be devoted to the uses of the world's commerce, a fleet of merchant ships of all nations would form fitting witnesses to the wedding of the two oceans. Which is it to be?"

The country ought to favor the commercial ceremony. The Isthmian waterway is to be dedicated to commerce and not to war. Later it will be a secondary consideration as to whether warships are to make the passage. If they are to do so as a part of the ceremony, the naval vessels of all nations should be invited to join in the short procession from the Atlantic to the Pacific. Probably it will be a year hence when the formal opening of the canal is to take place. Let us hope all the world will then be at peace so the opening of the canal can be signalized as an event putting all continents into closer communication with each other.

FIVE PER CENT. BONDS.

The state of the bond market and the scarcity of cash was reflected yesterday in the failure of the New Hanover Commissioners to receive bids for the $125 000 of bonds voted May 27th. There was evidence enough, however, that a number of bond houses would be willing to take over the bonds if the rate of interest were raised from four and a half to five per cent. We have no doubt that the securities would easily find buyers at five per cent., yet we would regret to see them sold at that. Before the issue falls due interest rates on bonds of such high class as these will have dropped to much lower levels, in our opinion, than has been the case in the past. We believe that at four and a half per cent. the bonds can be sold very readily later in the Fall when money conditions are easier, or whenever this temporary tightness in money matters passes over. However, the county must have money for its roads and school improvements and nothing better appearing, the Commissioners may have to raise the rate to five per cent., which, of course, will be much better than having to borrow large sums at higher rates.

GOING AFTER TAX DODGERS.

The County Commissioners yesterday found that there were from 500 to 1,000 delinquent tax payers in the county who had not taken the trouble to list their poll or personal property. The same story is coming up from every part of the State and drastic action is being taken in most instances Rowan county has indicted 200 such citizens and it is said that there are a thousand more who will catch it. The New Hanover Commissioners yesterday took steps to do the same thing and here's strength to their arm! One reason for high tax rates is the failure of not an inconsiderable portion of the citizenship to list their share of the burden and pay their part of it. Every man whose name is on the list ought to be indicted and fined, unless he complies with the offer of the Commissioners to list before September 1st. Go after the tax dodgers and make them "come across." They get as much out of the public blessings as anybody and they should be made to bear their proportionate part.

"Blistering Kansas" has superseded "Bleeding Kansas." What those people have been suffering cannot be imagined by our people, who are most fortunately situated in a land of golden means.

The prospect of the extra session of Congress extending to the regular session in December is not a happy one; but if nothing else will do, we suppose we can bear it.

Of course a war with Mexico would never do, but all the same we cannot suppress a hankering to see her haughty dons given a good lambasting.

The uniform bale will come some time—why not now?

CURRENT COMMENT.

When he was addressing the National Council of Women Voters a few days ago Dr. Harvey W. Wiley, of pure food fame, said, "My early impression of women was that they were merely an afterthought, an addendum to an archaic thorax, but now I believe both men and women are from the same sploit of monoecious bioplasm." It is not recorded whether his women auditors applauded that fine sentiment or sniffed audibly.—Savannah News.

We hope most earnestly that Sulzer may be able to refute the serious charges against him, not because we care anything about Sulzer the individual, but because the triumph of Tammany would tend to strengthen its grip upon political power. Its overthrow of Sulzer would be regarded by many young and thoughtless voters as an illustration of its invincibility and as a proof that it does not pay to fight it in the interes tof popular principles.—Baltimore Sun.

So long has the tariff discussion been that, here and there, suggestions are heard to the effect that the whole matter be postponed till the December sitting of Congress. Against such a proposition, the sentiment of the country is strong and potent. The majority in Congress was sent to that body by a mighty, unmistakable mandate from the body of the people—a mandate from obedience to which there should be no skulking. Work on the Tariff bill must be completed at the present sitting, if it takes all Summer.—Chattanooga Times.

President Wilson continues to gain international support of his Mexican policy. Great Britain, after at least a provisional recognition of the Huerta government takes pains to make it very clear that it was not committing itself that way for long and that it never had the slightest thought of the running counter to the programme of the United States government. President Wilson, probably against the opportunist judgment of the statesmen of the great powers, has been very determined from the day he went into the White House not to clasp the bloody hand of Huerta. In carrying out that policy he has thus far been amazingly successful.—New York Sun.

Whatever may be the real cause of pellagra, a disease that is said to have been common in Italy and Spain for 100 years and of sporadic occurrence in several other countries, it may be safel ysaid that the theory that the eating of moldy corn is responsible for the disease has been completely exploded. The latest announcement is that the malady is attributable to the bite of a small black fly which frequents rapid streams. This fly, we are told, is of the simuladae species and has world-wide distribution. A recent number of the British Medical Journal deals very fully with the history of the disease and the discovery of its alleged malefic insect origin. Whether or not the true cause of the malady has been definitely determined we ,of course, do not undertake to say; but if such is indeed the case, certain it is that it will now be possible to deal much more successfully with the spread and cure of the disease—.Norfolk Virginian Pilot.

NEGRESS CLAIMS ESTATE.

Of Wealthy Chicago Publisher, Who Posed as White Man.

Chicago, Aug. 18.—William H. Lee, head of a publishing firm, who lived in Chicago as a white man, and died apparently without heirs, was claimed in the probate court today by Lucinda Anderson, a negress of Benton Harbor, Michigan, as her husband. Lee began his career in a small New Hampshire town, it is said, after serving as valet in the civil war to a Confederate officer.

In a petition for the claimant it is alleged that the publisher's real name was William A. Anderson, that he was a negro though of light complexion, and that he deserted his wife 30 years ago.

The woman lays claim to the estate of the late publisher. It was valued at first at $200,000, but as much of it was in plates of value to Lee's business alone, the present value has been estimated at $20,000. Lee or Anderson never talked of his personal affairs, and his antecedents were a mystery when he died. The woman makes the identification by means of newspaper photographs which she has seen. The body will be exhumed to allow her to confirm her identification.

Clyde Steamship Arrives.

The Clyde steamship Cherokee arrived at the Clyde Line terminals at the foot of Chesnut street yesterday morning, coming direct here from New York. On account of being kept in dock a week or ten days at New York, she missed one trip to Wilmington, but will hereafter make her visits regularly. After lying in port here for a day or so she will sail for Georgetown, S. C.

THIN FOLKS MADE FAT.

The Way Samose Works Its Wonders Guaranteed by J. Hicks Bunting Drug Co.

More than half the readers of the Star would give almost anything to be plump and rosy instead of thin and scrawny.

Physicians and chemists for years have studied the problem of making a flesh forming food, but it is only within the last few months that a bright man discovered the prescription that taken with the daily meals give a positive increase in flesh. In fact it was so certain in its action that a guarantee was attached to each package stating that if weight did not increase as a result of using it, the purchase price would be refunded.

This preparation is now put up in convenient form for use under the name of Samose.

The J. Hicks Bunting Drug Co. secured the agency in Wilmington for Samose and as the percentage of satisfactory results from the use of this prescription is so nearly one hundred per cent. we feel there is no risk in offering to refund the money if Samose does not do all that is claimed for it.

Everybody that is thin and out of health should begin today the use of Samose with a guarantee like this.

The Independent Ice Company

Wishes to remind the users of Ice that several years ago, when we were the only manufacturers and distributors of Ice in and around Wilmington that we did not attempt to put up the price, but maintained the same old schedule that had been in force years before, although we had every opportunity to name any list of prices we saw fit. This is a cold-blooded fact, as cold and clear as any ice ever made in Wilmington, and is well worth public consideration, for the average Ice Maker would have without any hesitation put up the price, but that has never been the Independent Ice Company's way of doing business.

Two years, or more, ago, we were largely instrumental, through the medium of The Central Ice Company, of which we were large owners, of having a Special Ice Train put on at 6:00 A. M., to serve the Trolley Line patrons, at city prices.

For these considerations, we are not posing as public benefactors. They were simply good business moves, as we saw them. As for ice by other Beach trains than 6:00 A. M., the prices now in effect are the same that have prevailed for years past.

We wish to further remind the public of the superior services, and the full weight deliveries they have this season, the lack of which conditions caused such widespread complaints the past two years, when we were not directly engaged in the city delivery of ice.

That our ice and our services are appreciated is attested by the fact that our sales are 25 % or more greater this Summer than ever before.

TAX LEVY MADE-BONDS UNSOLD

Commissioners Fix Tax Rate at $2 on Poll and $1.10 on Property—But One Bid for Road and School Bonds.

The County Commissioners yesterday made the tax levy for the ensuing year, fixing the rate at $1.10 on the $100 of property and at $2 on the poll. But one bid was received for the $125,000 of road and school bonds and hence they were not sold. The bid came from the Murchison National Bank and was for a block of $10,000 of the bonds at par with accrued interest.

The Commissioners discussed the advisability of raising the rate of interest on the bonds from 4 1-2 to 5 per cent, and re-advertising them, but no action was taken yesterday. Another meeting will be held Monday at 3:30 P. M., subject to the call of the chairman, and the subject may be taken up then. There were a number of inquiries from bond houses, asking that in the event the bonds were not sold, to report to them a list of the bidders and the amounts bid. All expressed the opinion that at 4 1-2 per cent, with the bond market in its present condition on account of money stringency, there would be no sale, and several said in that event, they would make an attractive offer. The law does not allow the bonds to be sold at less than par, but does allow as much as 5 per cent interest, and the Commissioners may offer the bonds at that rate.

Meanwhile Auditor Orrell reports that he is "broke" and the Commissioners authorized Chairman Willard to borrow $10,000 to tide the road work over until taxes begin to come in or the bonds are sold. It was thought that at a later date there might be a keener demand for the bonds even at 4 1-2 per cent.

The auditor reported that the increase in the taxable valuations this year would approximate $1,250,000. The Commissioners then proceeded with the tax levy, which is an increase of 10 cents on the $100 of property over last year, but a decrease of 63 cents on poll, the poll last year being $2.63 and the property tax $1. The levy is divided as follows:

Tabulated Tax Statement.

	Poll	Property
State tax	.12	.27 2-3
Schools	1.50	.20
Schools, special		.15
County, general		.19
County (Act 1913)		.02 2-3
County, for poor	.38	
Hospital		.05
N. E. river bridge		.06
Int. & Sinking Fund		.10 2-3
Health Dept.		.04
Total	$2.00	$1.10

The total State tax is 12 cents on the poll and 27 2-3 cents on the $100; the total school tax is $1.50 on the poll and 20 cents on the $100, and the total tax for county purposes and special schools is 38 cents on the poll and 62 1-3 cents on the $100.

Old and New Rates Compared.

A comparative study of the levy last year and the new one shows the above mentioned decrease of 63 cents on the poll. The Corporation Commission had advised that the poll tax could not be more than $2. It also shows that the State tax was increased 2 2-3 cents over last year because of the new school law demanding a full six months' term of school. This would have cut the county tax of 21 cents of last year to 19 cents this year had not the Legislature provided that where the necessary levy for the full six months schools took away funds that the county needed, the Commissioners could make up the deficit by levying an amount necessary. So under the act of 1913, the Commissioners adopted a resolution, levying 2 2-3 cents, making the county rate for general purposes 21 cents, the same as last year.

It will also be noted that there is a decrease of one cent in the hospital rate, which was six cents last year, and an increase of 4 1-3 cents in the interest and sinking fund item. This is deemed absolutely necessary, because the county has not taken care of its fund for payment of bond issues of the past as it should have; and it is said that even with 10 2-3 cents on the $100, the rate is not sufficient—not what it should be.

On the whole, the rate of $1.10 will come as a little surprise to the taxpayers, who, in view of the new bond issues, had expected not less than $1.25 on the $100. The $1.10 takes care of the interest on the bonds not yet sold.

The Tentative Budget.

The Commissioners have prepared a tentative budget for the year, showing estimated receipt and expenditures as follows:

The estimated receipts for general purposes follow: 19 cents on $18,500,000, constitutional limit $35,150; 2 2-3 cents on $18,500,000, Chapter 88, acts 1913 $4,933.20; 38 cents on 4,286 polls for out-door poor $1,628.68; Recorder's court $5,450; County Home $4,000; jail fees $280; marriage licenses, $400; Schedule "B" taxes $5,300; fees from Sheriff, Register of Deeds and Clerk $15,350; back taxes $1,000; a total of $73,491.88. Estimated disbursements, general purposes; Salaries $28,940; Superior Court, civil $1,800; criminal $6,300; Recorder's court $1,000; county home and farm $6,500; out-door poor $1,200; Associated Charities $2,400; United Charities $1,500; Red Cross Society $1,500; Oak Grove cemetery $500; jail $3,600; Court House $1,400; election $800; tax listing $2,000; County Commissioners $1,700; coroner $500; magistrates $300; miscellaneous: advertising and stationery $1,000; automobile (purchased for road superintendent $1,050; motorcycle (purchased for sheriff) $250; W. L. I. $600; total miscellaneous $2,900; sheriff's commissions on $51,328, at 03.16789, $1,626.01; incinerator $1,600; contingencies $5,425.89; a grand total of $73,491.88.

Receipts and disbursements for special funds is estimated as follows:

Receipts—Hospital fund, 5 cents on $18,500,000, real and personal $9,250; Northeast river bridge, 6 cents on $18,500,000, real and personal $11,100; interest and sinking fund, 40 2-3 cents on $18,500,000, real and personal $19,733.33. Health department, 4 cents on $18,500,000, real and personal $7,400. Disbursements—Appropriation, hospital $9,000; past payment borrowed money, Northeast river bridge $11,100. Interest on $7,800 5 per cent Court House bonds $390; interest on $50,000 4 1-2, 1902 issue, road bonds $2,250; interest on $50,000 4, 1905 issue, road bonds, $2,000; interest on $50,000 4 1-2, 1908 issue, road bonds $2,250; interest on $50,000, 4 1-2, 1911 issue road bonds, $2,250; one-third of $7,800 Court House bonds due in three years, $2,600; interest on $75,000 school bonds, 1913, 4 1-2, $2,375; interest on $50,000 road bonds, 1913, 4 1-2, $2,250; sinking fund $2,368.33; a total for interest and sinking fund of $19,733.33. Health appropriation $5,946.

The school fund is shown as follows: $1.50 on 4,286 polls $6,429; 20 cents on $18,500,000, real and personal $37,000; 15 cents on $18,500,000 real and personal, special $27,750; a total of $71,179.

Will Indict Delinquents.

Auditor Orrell submitted a list of 243 men who have not listed their poll and personal property taxes, and he stated that there were fully as many more whose names he had not reached. It was hinted that the delinquent list may even approach 1,000 names. The law provides for the indictment of all persons failing to list their taxes, even if there is nothing more to list than the poll; and in addition to this indictment, in which they may be fined, if convicted, as much as $50 and costs, they can and will be saddled with double tax. The sheriff will be instructed to collect double tax from every delinquent, for on top of it all, the names will be listed anyway and the payment of tax forced.

Auditor Orrell was instructed to advertise to the effect that unless all citizens who have not listed, call at the Court House and attend to it before September 1st, the names will be turned over to the solicitor who will present them to the grand jury in September, for indictment. The advertisement appears in this paper today. It may be stated that some well known names appear on the list, though it is understood that a majority of the delinquents are people of little consequence. It was seriously discussed whether or not the list should be turned over to the Recorder's court at once, but finally decided that the delinquents be given a chance. It was brought out by Auditor Orrell that numbers of times these delinquents fail to list in order to get out of paying personal property tax, for when the sheriff would collect from them, they would need to pay only the poll and not have to make a statement of anything else. The Commissioners are determined to tighten up loose screws in the collection of taxes and let the law take its course in the matter of tax dodgers.

It was reported that crushed rock hauled by the truck along the roads was being stolen by people using it for private purposes, building paths, etc., and repairing private roads and lanes. The chairman was authorized to offer a reward of $10 for evidence to convict any person of this, and evidence would not be hard to get, it was said, because the rock would "speak" for itself. It was decided to charge $1 per load for 20 loads of rock which the county had let Mr. Clayton Giles, Sr., have some time ago.

Chairman Willard and Commissioner Moore were appointed a committee to act jointly with a committee from Council to appraise the property the city has turned over to the health department. Mr. D. D. George, of Whiskey Creek, through Commissioner Yopp, stated that the acre of land deeded to the county for a polling place in Whiskey Creek, having been abandoned, he would like to receive it back, according to the provisions of the deed, made by his father. Chairman Willard stated that it had been his idea to run a road across connecting the loop, so that the polling place would be more accessible, and besides, the road proposition was a good one anyhow. The matter will be taken up again.

Present yesterday were Chairman Willard and Commissioners Yopp, Kerr and McGirt; Clerk Williams and County Attorney Marsden Bellamy.

STORES AT DELGADO ROBBED

Edward Fryar, Young White Boy, Arrested — Three Others Being Chased by Officers—Diligent Search Made Yesterday.

Charged with having taken goods from Mr. W. V. Dew's store at Delgado, Edward Fryar, a 14-year-old white boy, was arrested yesterday morning by Deputy Sheriff L. V. Hester and brought before Justice Harriss for trial. He waived preliminary examination and was sent over to the Superior Court. He was required to furnish a bond of $150.

It is understood that there are three others implicated in this affair, and also connected with breaking into the cotton mill office and the cotton mill store at Delgado. Mr. Z. T. Thompson's store, it is stated, was broken into Sunday afternoon.

Early yesterday morning Mr. Z. T. Thompson, whose store was broken into Sunday, was at his home on his porch when he saw two young fellows in the direction of Mr. Dew's store. Being suspicious that something was wrong, he made an investigation and found that Mr. Dew's store had been entered through the window, and a lot of stuff taken. He chased the young men and was joined by several others. They soon captured the Fryar boy, but the other one made his escape.

Deputy Sheriffs Reynolds and Kelly and Constable Davis were out last night together with several other officers, but were unable to find any trace of the alleged robbers. It was at first thought that one or two of them had gone across the Cape Fear river to Brunswick county, but this was later found to be incorrect. The officers came in about 11 o'clock last night, and will renew the chase today.

The people at Delgado had been keeping a close look out for several days, as it seems that a number of stores had been entered in that immediate section lately. They are determined to put a stop to it. It is stated that young Fryar comes from an excellent family, and it is undrestood that an effort will be made to have him sent to the State reformatory. All are young fellows, who are said to be implicated in the matter.

THE PRACTICAL JOKER.

Observant Citizen is Tired of Him, and Would Have Him Banished.

"I just dropped in to register a protest, a most vigorous one at that, against the practical joker," said an observant and progressive citizen as he entered the local rooms of The Star last night. "From my observation," he continued, "there has gotten to be entirely too many practical jokes in Wilmington, all along a certain line, and it seems to me that it is high time that the perpetrators were finding something more profitable to do. The practical joker is always bad and there are some that I would like to see given employment on the roads, if they can be made to behave themselves in no other way. I think that those who cannot find time to do anything better might very profitably to themselves and to the great relief of a lot of people of Wilmington, emigrate to other regions and to other climes where people have nothing more to do than grabble a potato with their feet and pluck a banana from a tree overhead, while they recline in ease in a hammock. For progressive people to have to spend their time in hearing practical jokes that are of no interest to any one save the perpetrators is a waste of time that might well be spared the people of this town."

STATE COUNCIL MEETS TODAY

Juniors Arriving From All Parts of the State to Attend Convention. Opening Session at Noon Today.

In the assembly hall of the Seashore Hotel, Wrightsville Beach, at noon today will be called to order the annual convention of the State Council, Junior Order United American Mechaics, which gathers there for a three-day session. The attendance, it is believed, will be large, running probably to 300. Some of these will be accompanied by members of their families, so that the total number of visitors on account of the convention will likely be 400 or 500, according to the local committee.

The Juniors met at Wrightsville Beach two or there years ago and they had such a good time they are anxious to return for another sojourn of a few days. A great many will remain here for the rest of the week. There are a great many Juniors in Wilmington and they will extend to the visitors a most cordial welcome.

State Councilor N. L. Eure, of Greensboro will preside over the sessions of the Council. State Secretary Vance will be at his post. A summary of the report of the secretary was given in The Star a few days ago and showed the order in this State to be in a splendid condition, both numerically and financially.

The visitors will be formally welcomed to Wilmington and Wrightsville Beach by Woodus Kellum, Esq., a member of the local bar and an ardent Junior. Mr. Kellum is a member of the joint local committee on arrangements. The response will be made a prominent visiting Junior whose name had not been given the local committee up to last night. State Councilor Eure, a lawyer of Greensboro, is a fine speaker and he may deliver the response himself. The address of welcome and response will be limited to 15 minutes each, so that the State Council should get down to business within a half hour after being called to order.

Just how many sessions will be held today will be determined by the State Council, which will also say on what day the visitors shall take the trip down the Cape Fear river arranged by the local committee, the State Council requesting that social affairs be eliminated as far as possible. While it has not been definitely decided, it is quite likely that a souvenir dance will be given at Lumina tomorrow night in honor of the visitors.

A great many Juniors arrived on the evening and midnight trains yesterday, while many others will get here today, some arriving this morning on the train and from the north, and others coming in at noon.

THE NATION'S GARDEN SPOT

Atlantic Coast Line's Special Exhibit Car Left Last Night for Toronto, Canada—Visit New England States Also.

Encouraged by the success of an experimental trip through the West last Fall when several of the large fairs were visited, the Atlantic Coast Line Railroad Company has this year collected a far more elaborate and attractive display of products grown in the territory described as "The Nation's Garden Spot," embracing all the States through which the road operates.

Filled with fine specimens of everything that grows on the fertile soils of the Southern States—corn, cotton, vegetables, fruit, hay, grain of all kinds, etc.—and in charge of Mr. Wilbur McCoy, agricultural and immigration agent for Florida, Georgia and Alabama, with headquarters at Jacksonville, and Mr. G. H. Coyle, chie sonville, and Mr. E. N. Clark, agricultural and immigration agent for Virginia, North and South Carolina, with headquarters at Wilmington, the special "Nation's Garden Spot" car, properly and attractively pla arded, left Wilmington last night attached to the regular Northbound A. C. L. train for Toronto Canada, where the products will be displayed at a big fair to be given there August 23rd to September 8th. Mr. Clark had expected to make the trip, but he found at the last minute that his health, which has not been the best for the past few months, would not permit him to go. Mr. Clark has taken deep interest in this feature of the Coast Line agricultural work and to him is due in a large measure the large and varied collection that goes to Canada and other points North.

The collection is more elaborate this year and is gotten up in a more attractive shape. Most all of the specimens were put up here under the direction of Mr. Clark. In the lot are 63 jars of vegetables and fruits; 17 jars of cowpeas, grains, etc., fine specimens of cotton, stalk and all, peanuts, corn, watermelons, many different varieties of hay, including alfalfa, and, in fact, as stated everything that can be grown on the farm was included in the collection.

The exhibit last year created much interest and attracted considerable attention in the West and with the improvement that has been made in the display it is believed that this year's exhibit in the North will prove even more interesting and will give great results.

From Toronto the exhibit will be taken to Elmina, N. Y., where a week will be spent at a fair. Probably other points in the New England State will be visited before the exhibit is returned to Wilmington, about November 1st.

Will Let Council Say.

Capt. Thos. D. Meares, city clerk and treasurer, yesterday received from Dr. John Thames, clerk of the County Board of Health, a communication enclosing the resolutions adopted by the board last Friday night to the effect that on and after tomorrow, August 20th, the Department of Streets and Wharves would be expected to take care of the removal of slops and carrion in the city. Councilman B. A. Merritt, in charge of the Department of Streets and Wharves, was asked last night if his department would undertake this work. He said that it would be a matter for the Council to decide in regular session tomorrow morning; that until Council took action the work would continue as at present so far as his department was concerned.

SIX BLIND TIGERS CAPTURED

Officers George and Jacobs Made Arrests—Recorder Declares That All Whiskey Sellers Must Serve Road Sentences.

"As long as I am Recorder I shall continue to send violators of the prohibition law to the roads," declared Recorder Furlong yesterday in passing sentence upon six negro men, five of whom were sent to the roads, who were arrested Saturday and Sunday night by Plainclothesmen Frank George and B. W. Jacobs. Besides the six negroes there were a round dozen before the Recorder for being drunk and disorderly and a half dozen others for other offenses. There were exactly two dozen cases sent over to the Recorder by the police department.

Robert Brown, an old colored man, was the first to be tried. Robert McMillan, one of the colored drivers for a local ice company, testified that on Saturday night he purchased a half pint of whiskey from Brown for which he paid 35 cents. Officer George testified to having searched McMillan before he went into Brown's house in Love's alley and that he did not have anything in his pockets except 35 cents, and that he came out with a half pint of whiskey. It was brought out in Brown's testimony that this was the third time that he had been up for selling whiskey. The Recorder sent him to the county farm for 12 months.

Just as strong a case was made out against Lewis Faison, colored, the testimony of the State being practically the same, and he was sent to the roads for six months. Cain Miller, colored, charged with a similar offense, at first plead a "little guilty" of the charge, but later changed it to guilty. The Recorder gave him nine months on the roads. Andrew Evans, colored, was given three months for having sold a pint of whiskey to McMillan. John Parks, an old colored man, entered a submission to the charge of selling whiskey, and was sent to the roads for three months. Son Starkey, colored, also charged with selling whiskey in the same manner as the others, was fined $50 and the costs with the understanding that if he didn't get the money by today that he would have to go to the roads for three months.

Officers Jacobs and George searched all the places where the arrests were made with the result that they secured enough jugs and bottles to make two loads for the Mariah. All these were on display in the court room, and made it have the appearance of a whiskey shop. There were several gallons of whiskey in the lot, and this was turned over to Deputy Sheriff Kelly, who destroyed it.

In making these arrests Chief Williams wants it distinctly understood that there are no negro detectives employed by his department, and that there will not be.

"Red" Roderick and Will Cumber, both white, entered a submission to engaging in an affray, and were taxed with the costs. Joe Kirkham was fined $25 and the costs for resisting an officer. Murl Fields, colored, charged with aiding and abetting in an assault case, tried a few days ago, was found not guilty. Gladys Autley, a colored girl, who was charged with taking some clothes from another colored girl, was discharged on account of lack of evidence against her.

In the absence of County Solicitor Geo. L. Peschau, who is away on his vacation, the docket was prosecuted by Louis J. Poisson, Esq.

Robt. Meyer, colored, was found not guilty of disorderly conduct. He had some difficulty with a street car conductor on the Tidewater Power Company's line Sunday afternoon in regard to buying tickets. The case was dismissed on the ground that the conductor should have arrested him, if he used curse words, as the State statute gave him that right.

PROGRESS ON STATION.

Likely to be Ready for Occupancy Within a Few Weeks.

Finishing touches are now being placed on the handsome new building of the Atlantic Coast Line, northeast corner Front and Red Cross streets, which will be used as a combination passenger station and office building. It is expected that within a few weeks the building will be ready for occupancy. The suggestion has been made that the Coast Line ought to have a formal opening of the building, appointing some day when it will be thrown open to the public for the first time and inviting all the people of the city to go down and make an inspection of it. Hundreds would likely be glad of the opportunity to look over the handsome building.

The first floor is to be used as a passenger station by both the Coast Line and Seaboard Air Line and the other floors are to be used as general offices of the Coast Line. The building is located across the street from other buildings used as general offices of the road.

A Coast Line man told a Star representative a few days ago that it had already been discovered that the new building was too small for the ever increasing clerical work in the general offices, and stated that he expected an addition to be built in no great while. The building is a large one and cost about $325,000. It covers a wide areo and is six stories in height. Later additional stories may be built, if desired.

Some days ago, following the purchase by the Coast Line of considerable valuable property in Richmond, there was a revival of the periodical rumor that the road was planning to remove its general offices from this city. A Coast Line man said that he did not look for anything like that to happen in a great many years, if ever, and that no doubt plans would be gotten underway in a short time for enlarging the present accommodations here for the general offices, though, he remarked, however, that Coast Line officials find it incouvenient in getting in and out of Wilmington on account of its being off the main line.

Suit Against Brotherhood.

In Superior Court yesterday afternoon Mr. A. C. Banck brought suit against the Brotherhood of Railroad Trainmen. While the complaint has not been filed it is understood that he is suing for insurance money which he alleges is due him on account of injuries received in an accident. Herbert McClammy, Esq., represents the plaintiff. Another suit started yesterday is brought by the Niagara Silk Mills against Farah Bros., W. P. Mangum Turner, Esq., appearing for the plaintiff company.

DELIGHTFUL LAWN PARTY AT ST. PAUL'S FRIDAY EVENING.

St. Paul's Aug. 18.—A delightful lawn party was given here Friday evening by Misses Josephine and Pearle Evans, which was attended by 50 or more guests. The feature of the evening was a "Progressive Journey." There were a number of stations and the passengers were required to change every five minutes at each station which gave them the opporunity of meeting other new passengers. The principal stations were a joy ride on an old fashioned "see saw," a lunch counter where delicious sandwiches were served, the watermelon stand, a Miniature well from which lemonade was drawn and an old fashioned bucket and the picture counter. Between the different stations were rustic seats, hammocks and cozy seats and every description.

The beautiful lawn, brilliantly lighted with Japanese lanterns together with the pretty costumes of the ladies, presented a pleasing picture. The Misses Evans with their charming personality, were most delightful hostesses, and the occasion which was purely original and unique in every detail was one long to be remembered in the social life of St. Pauls.

Miss Josephine Evans is very pleasantly remembered by many friends in Wilmington, having attended a house party at Wrightsville Beach a few weeks ago.

—Justice Bornemann last night entered a submission of simple assault on Mr. John S. Ramos, editor of the Live Wire, who in Saturday's issue printed an aricle containing many references to Justice Bornemann, which he feels was unfair. The encounter was a result of the publication of the article. Friends interfered before any one was seriously hurt. The case is to be heard before Justice Harriss this morning.

Marriage Last Night.

The Register of Deeds yesterday issued license for the marriage of Mr. Lonnie Vinson, of Goldsboro, and Miss Vivian Minshue, the young daughter of Mr. and Mrs. J. R. Minshue, of this city. The marriage was announced to take place at 8 o'clock last night at the home of the bride's parents, with Rev. G. T. Adams officiating.

ECZEMA FOR 20 YEARS.

Cured by Our Reliable Skin Remedy, Saxo Salve.

For twenty years I suffered from eczema. My skin would break out and itch and burn terribly. I heard of Saxo Salve and decided to try it. After two or three applications I found grea relief and before I had used one tube I was completely well. If it will benefit others who suffer from eczema you may publish my letter, as I believe Saxo Salve will do just what you claim it will."—A. Pritchet, Shelbyville, Ill.

It is astonishing, even to us, to see how Saxo Salve, our new remedy for skin affections, allays the itching, softens, soothes and heals the skin in all sorts of eruptive disorders, such as eczema, barber's itch, ring worm, tetter etc.

It is guaranteed to help you—we cheerfully give back your money if it does not. Robt. R. Bellamy, Druggist, Wilmington, N. C.

P. S. If you are weak and run down, no strength, no appetite, you need Vinol. We guarantee it.

Mrs. C. W. Westbrook, of Greensbore, is a guest at the home of Mrs. Giles Westbrook, on the sound.

Mr. and Mrs. M. L. Edwards and Miss Mable Edwards, of Mullins, S. C., are registered at the Seaside Inn.

Miss Eloise Lloyd, of Durham, returned to her home yesterday, after a visit of several weeks at tht Northrop cottage.

Sheriff W. H. Williams, of Snow Hill, Greene county, is visiting his brother, Mr. W. B. Herring, on South Third street.

Miss Myrtle Belvin, of Raleigh, has returned to her home, after a pleasant visit to her brother, Mr. C. H. Belvin, of Carolina Place.

Mr. Edgar Bowron returned Sunday to his home at Birmingham, Ala., after a pleasant ten-day visit at the beach.

Rev. W. C. Martin, pastor of the Methodist church at Chadbourn, has been spending several days at the beach recuperating and resting.

Dr. and Mrs. H. T. Pope and three children, Masters Theodore, Maurice and William, of Lumberton, are spending the week at the Seaside Inn.

Mayor Fred. D. Sutton, of Kinston, who attended the meeting of the Carolina Municipal Association last week, remained over to spend several days at the Oceanic Hotel.

Messrs. Sidney and Alfred Rheinstein, of New York City, have returned home after a most pleasant visit with her cousins, Messrs. Arthur and Herbert Bluethenthal.

Mrs. J. H. Hinton and children left last night for Panacea Springs, to spend some days. Mr. Hinton has been there several days.

Included in the arrivals Sunday at the Hanover Inn were J. C. Lankford, A. H. Andrews, W. H. Griswold, E. G. Bruce and J. E. Poyntz, Birmingham, Ala.

Mr. L. J. Dinkler and wife, of Macon, Ga., are spending a few days at the Hanover Inn. Mr. Dinkler is proprietor of the Hotel Dinkler, one of the well known hotels of Macon.

Mrs. C. C. Bennett and family, Mrs. B. K. DeLorme and daughters Misses Lucile and Marie DeLorme, of Sumter, S. C., have returned home after spending two weeks at the Seaside Inn.

Dr. and Mrs. Louis Fechtig and son, of New York city, arrived yesterday on the Clyde Line steamer Cherokee, to spend several days with Dr. Fechtig's brother, Mr. F. E. Fechtig.

Raleigh News and Observer, Sunday: "Misses Sophie and Bessie Poole and Jessie Grissom, of Henderson, were here yesterday on their way to Wrightsville Beach."

Mrs. Edgar L. Hinton has gone to Kanuga Club, near Hendersonville, where she will spend several weeks. Capt. Hinton, the popular manager of the Seashore Hotel, will join her in ten days or two weeks.

Arrivals at the Seashore Hotel yesterday included Mr. and Mrs. Murphy McMillan, Effie McMillan, Polkton; Mr. and Mrs. I. M. Harris, Jackson, Tenn.; Mr. and Mrs. McKinny Barton, Memphis, Tenn.; W. C. Hammer, Ashboro.

The trout have begun to run off Moore's Inlet, and quite a number were caught Sunday. It is the opinion of the best anglers of this section that the Fall will prove to be the finest of the entire season.

One of the sights that attracted much attention Sunday at the beach was a large kite sent up by one of the boarders at the Parsley cottage. The wind was blowing just right, and the kite was kept in the air for several hours.

Mr. C. W. Bland, of Wadesboro, is spending a few days on the beach. He is an enthusiastic fisherman, and having heard of the splendid luck that the beach anglers are having this year he came down to try his hand, and hopes to land some big ones before returning home.

The three selections for the moving picture exhibition at Lumina tonight are especially interesting ones, as their titles suggest: "The Regeneration of Nancy," a drama by the Lubin Company; a modern drama by the Kalem Company, entitled "A Life in the Balance," and a very amusing Pathe production, entitled "From Pen to Pick."

Over 100 people came in on the Seaboard train Sunday from points in Georgia and Alabama to spend a few days at the beach. Sunday there were also the usual low rates offered by both the Seaboard and the Atlantic Coast Line from nearby points, and one of the largest crowds of the season visited the beach. Most of these returned to their homes Sunday night.

Yesterday afternoon's Fayetteville Observer: "Mr. John Hall has returned from a week's stay at Wrightsville Beach.——Miss Nora McDuffie has returned from a visit to Wrightsville Beach.——Mrs. John A. Pemberton has returned from a two weeks' visit to Wilmington and the beach. She was the guest of Mrs. W. H. Pemberton while in Wilmington."

Master George A. Saunders, the nine-year-old son of Mr. and Mrs. George A. Saunders, of Dalzell, S. C., who are spending some time at the beach, showed himself to be a true hero when on last Friday he rescued from the surf the six-year-old son of Dr. Watson, who is visiting Mr. Saunders on the beach. The Watson boy was knocked down by a wave, and the Saunders boy went in after him, holding him in the shallow water on the reef until assistance arrived.

Sunday's Charlotte Observer: "Mrs. M. P. Reid and daughters, Misses Edwina and Louise Reid, of Little Rock, Ark., who are spending several days in the city at the Selwyn Hotel following a stay at Wrightsville Beach, will leave Tuesday for Atlantic City.——Miss Blanche Austin, who returned to the city Friday from a visit to friends in Durham and Greensboro, left yesterday accompanied by Mrs. T. J. Gattis and little daughter, Miss Patsey, for a visit of several days in Laurinburg. Mr. Gattis will leave in his car this morning to join them for a motor trip to Wrightsville Beach.——Misses Lora and Isabel Woodworth, of Chattanooga, Tenn., who have been spending several months at Hendersonville are at present in Skyland. The Misses Woodworth will join their father here shortly for a stay at Wrightsville Beach, returning to the city for the opening of Queen's College."

Included in the week-end arrivals at the Oceanic Hotel were E. M. Hall, Raleigh; W. E. Vaughn, Atlanta; W. H. Stokely, Durham; W. H. Williams, Griffin, Ga.; D. F. Rogers, Atlanta; Morton Simpson, Birmingham; Mrs. E. Z. Seaman, Atlanta; N. B. Maxwell and P. W. Covington, Whiteville; John Kiser, E. A. Holbrooks, Roy G. Booker, Misses Ruby Fuller and Stella Jones, Atlanta; J. B. Stickney and family, Greensboro, Ala.; E. P. Hayes, Randleman; R. C. Henry, Rocky Mount; G. W. Graham and Sam Seltman, Atlanta; F. T. Early, Hillsville, Va.; T. E. Duffy, Greensboro, Ala.; Laurence M. Fox, Atlanta; E. C. Clark, Savannah, Ga.; Mr. and Mrs. F. B. Wynn, Waycross; O. L. Taylor, Sanford, Fla.; G. E. Hoffman and E. T. Richardson, Atlanta; J. K. Pettus and J. B. Lansdale, Charlotte; G. T. Page, Lumberton; J. H. Mason, Miss Ellen L. Hall and A. L. Keesler, Charlotte.

"Polly Peachtree" in the Atlanta Sunday American: "A well known young married woman of Atlanta, who has recently visited Wrightsville Beach, was forced, soon after her arrival, into a situation which required quick decision, and she came off with flying colors.

"Her first evening there she met a number of men, and early the next morning, responding to a knock on her door, she was greeted by a suavely smiling 'boy' who bore a cold bottle of something to drink and the card of one of the several men she had met the evening before.

"Astonished and doubtful of the propriety of accepting the gift upon so slight an acquaintance, the young woman asked the boy if he hadn't made a mistake.

"'No, ma'am, he said, 'Room 104',' the boy replied. Tentatively reaching for the bottle, she changed her mind and told the boy to take it back for more definite instructions. 'I think you must have made a mistake,' she said, with the idea that even if a mistake had not been made this was a good way to refuse the young man's premature attentions.

"When she went down to breakfast she soon found out that she had played in luck, for the morning offering had been tendered two girls who had vacated her room the day before and the bollboy had only been carrying out instructions of a week's standing by carrying up the bottle of iced refreshment every morning to Room 104."

Among the week-end arrivals at the Seashore Hotel were O. M. String field, Fayetteville; R. C. Clifton, Clinton; John R. Croom, Magnolia; G. Y Jones, Lumberton; J. S. Bernard Greenville, Tenn.; W. C. Hardison Wadesboro; E. T. Newell, Chattanooga, Tenn.; L. R. Stacy, Monroe; A. W Burnett, Camden, S. C.; G. P. McKinnon, Maxton; Miss Irene Embry Asheville; B. H. Johnson, Rocky Mount; J. W. Dunn and S. P. Clark Mullins, S. C.; K. C. Denny, Roaks; J. D. Turner, Raleigh; R. S. Wilson and W. L. Groom, Rocky Mount; Misses Geneva Moore and Lena McLendon, W. H. Rivenbark, Dr. J. F. GOT IN WRONG ROOM.

Much Excitement at Colonial Inn Early Yesterday Morning.

Considerable excitement was created at the Colonial Inn yesterday morning about 4:30 o'clock, by a drunken man, who made his way into a room on the third floor where a lady was sleeping. When she discovered that he was in the room, she ran out screaming, and awakened practically everybody in the house, it is stated. A call was sent to the police station at once, and Sergeant Howell went up to make an investigation.

According to the man's story of the affair, when the lady went out of the room she pulled the door shut behind her, locking him up, and, thinking that he had been locked in securely, he tied sheets together and made his way to the ground from the third floor. He went to the police station in his night clothes, and seemed to have very little knowledge of what had taken place.

He explained further that he and two other enlisted men of the United States army had secured a room at the Colonial Inn, corner Third and Market, which they were occupying for the night. They were all more or less drunk, he said. Having occasion to go out, when he came back he went into the room which he supposed to be his own. At the time he was at the station, he still contended that he had gone into his own room.

When she discovered his presence the lady made the alarm, as stated. The hotel people as soon as they discovered the state of affairs, immediately summoned the police, and no blame attaches to them. The drunken man was carried back to the hotel, and after hearing his explanation, it was decided not to make any charges against him.

Married Here Saturday.

Late Saturday afternoon license was secured for the marriage of Mr. George Edward Clarke, editor of the Southport News, and Miss Josephine May Womble, of Upsen county, Ga., who met him here for the ceremony, which was announced to be performed that afterncon. The couple expect to make their home at Southport.

HOW THIS WOMAN FOUND HEALTH

Would not give Lydia E. Pinkham's Vegetable Compound for All Rest of Medicine in the World.

Utica, Ohio.—"I suffered everything from a female weakness after baby came. I had numb spells and was dizzy, had black spots before my eyes, my back ached and I was so weak I could hardly stand up. My face was yellow, even my fingernails were colorless and I had displacement. I took Lydia E. Pinkham's Vegetable Compound and now I am stout, well and healthy. I can do all my own work and can walk to town and back and not get tired. I would not give your Vegetable Compound for all the rest of the medicines in the world. I tried doctor's medicines and they did me no good."—Mrs. MARY EARLEWINE, R. F. D. No. 3, Utica, Ohio.

Another Case.

Nebo, Ill.—"I was bothered for ten years with female troubles and the doctors did not help me. I was so weak and nervous that I could not do my work and every month I had to spend a few days in bed. I read so many letters about Lydia E. Pinkham's Vegetable Compound curing female troubles that I got a bottle of it. It did me more good than anything else I ever took and now it has cured me. I feel better than I have for years and tell everybody what the Compound has done for me. I believe I could not be living to-day but for that."—Mrs. HETTIE GREENSTREET, Nebo, Illinois.

TRUSTEES' SALE.

Under and by virtue of the power conferred upon me in a deed of trust executed on the 13th day of June, 1911, by W. A. Simpkins and wife and recorded in the office of the Register of Deeds for New Hanover County in Book of Mortgages 64, page 427, and at the request of the holder of the note described in said deed of trust, I will, on Wednesday, the 20th day of August, 1913, at 12 o'clock, M., at the Court House door at Wilmington, North Carolina, sell for cash to the highest bidder the following described land:

First tract.—Beginning at the Southeast corner of a tract of land now in the possession of Mrs. Mills, on the North edge of the old Newbern road, and runs thence Eastwardly with the Northern edge of the said old Newbern road about 200 feet to the Southwestern corner of a tract of land now or lately in the possession of Mrs. Oldenbuttle, and thence with said Oldenbuttle's Western line North 3 deg. E. 2,000 feet to a stake; thence South 88 deg. W. about 200 feet to Mills' line; thence with Mills' line South 3 deg. W. to the beginning, containing 10 acres.

2nd. tract.—Beginning in the dividing line between Oldenbuttle's tract and the tract of D. N. Chadwick, the same being the Western line of a tract of land conveyed to Lilly M. R. Oldenbuttle by Steven W. Noble and wife, by deed dated the 27th of October, 1891, and registered in the office of the Register of Deeds of New Hanover County in Book R, page 422 et seq., and corrected by deed dated the 3rd day of May, 1894, and recorded in Book 13, at pages 344 et seq., of the records of the Register of Deeds of New Hanover County, at a point where said dividing line is intersected by the Northern line of the right of way of the connecting line between the Wilmington & Newbern Railroad, and the Wilmington & Weldon Railroad, and the said points being 600 feet Northwardly from the old Newbern dirt road, and runs thence Northwardly with said dividing line about 1,500 feet to the Northern line of the said tract; thence Eastwardly with the said Northern line 200 feet to the Eastern line of said tract; thence Southwardly with the said Eastern line to the right of way of said railroad; thence Westwardly with said railroad to the beginning, the same being all that part of a tract of land conveyed to the said Lilly M. R. Oldenbuttle by Steven W. Noble and wife as aforesaid, which is now lying North of the said connecting line of railroads, both of which said deeds, for more certainty of description, are made a part hereof.

3rd tract.—Beginning at W. H. Mills' Northwest corner of the Hardwick tract, 200 feet Westwardly from the pine stump marking the old Hardwick line, and runs thence Northwardly 4 deg. 30 min. East 746 feet to a stone marked D. N. C.; thence South 88 deg. E. 1,034 84-100 feet to a stone marked D. N. C.; thence S. 4 deg. 30 min. West 880¾ feet to a stone marked D. N. C. Wentzenstein's corner; thence North 88 deg. 30 min. W. with Wentzenstein's back line, and the back line of D. N. Chadwick, 626 13-100 feet to a stone in W. H. Mills' back line; thence North 4 deg. 30 min. East 146 feet to Mills' Northeast corner, and thence North 85 deg. 30 min. West 465 71-100 feet to the beginning, containing 20 acres, more or less.

4th tract.—Beginning at a ditch bank at W. H. Mills' and D. N. Chadwick's corner of his 20-acre tract, a stone marked D. N. C.; thence North 40 deg. West 5 chains and 37 links to a stake near a water oak; thence North 45 deg. West 10 chains to a stake on a cart road; thence North 76¼ deg. West 11 chains and 96 links to a stake near a cedar tree on the East side of a neighborhood road; thence along the East edge of said road North 10 deg. 45 min. East 30 chains and 82 links to a cypress knee on the bank of the South side of Smith's Creek; thence up the various courses of said creek to a large cypress tree a little above a woodland; thence due East 81 links to a lightwood post near and on the South side of a large hollow black gum tree; thence due South 32 chains and 90 links to a stake in said D. N. Chadwick's Northern line of his 20-acre tract; thence with said line North 88 deg. West 2 chains and 68 links to a stone marked D. N. C., a corner of the said D. N. Chadwick's 20-acre tract; thence with said Chadwick's line of said tract South 4¼ deg. West 11 chains and 44 links to the beginning, containing 52¼ acres.

All of said land hereinbefore described being the same conveyed to W. A. Simpkins by D. N. Chadwick, Jr., by deed duly registered in the office of the Register of Deeds of New Hanover County, in Book 62, page 73.

Said sale is made by reason of the failure of W. A. Simpkins and wife to pay off and discharge the indebtedness described in said deed of trust.

This 15th day of July, 1913.

MUCH LIQUIDATION IN COTTON

Favorable eWather Reports From the Southwest Responsible for Changes in the Market—Prices Lose Recent Gain.

New York, Aug. 18.—A more favorable view of weather conditions in the Southwest was considered responsible for considerable liquidation, and a renewal of bear pressure in the cotton market today, and prices lost a good part of their recent gain.

Official advices did not indicate as much rain in drouthy sections as suggested by private advices, and early declines were followed by rallies, but the market was more or less unsettled during the entire day, and further private rain or shower reports caused renewed weakness in the late trading. The close was steady, but at a net decline of 19 to 24 points on August and September, while new crop deliveries were from 10 to 12 points under the final figures of last week.

Liverpool had the rain news before the local opening, and private cables reported liquidation by some of Saturday's buyers, as the cause of the decline there. The start here was easy at a decline of 14 to 17 points, and there was a lot of selling orders around the ring which probably represented the unsettling influence of the rain news on buyers of last week. Offerings, however, were pretty well taken around the initial figures, and prices gradually rallied. There seemed to be some doubt as to whether the rains had been sufficient, particularly as the official forecast was for dry weather in the Western belt, with the exception of showers along the Texas coast, and after the first flurry of selling had spent itself business tapered off, pending receipt of the official detailed reports. These showed less rain than looked for, and after their publication prices rallied to within a point or two of Saturday's closing figures. A fair amount of precipitation was shown at some of the central Texas stations, however, and prices later weakened again, under private reports of showers in Texas this afternoon. The close was 4 or 5 points above the early low level.

CHILDREN'S PATHETIC PLIGHT.

Mother Eloped, Father in Jail, They Were in Bad Way.

(Special Star Correspondence.)

Kinston, N. C., Aug. 18.—The pathetic condition of a family of children who were found living in squalor on Heritage street, only a block from the business district of this city, will be called to the attention of Judge O. H. Allen when he convenes Superior Court here this afternoon.

The children, a girl and two boys, aged 18, 13 and nine respectively, were discovered by H. C. V. Peebles, a magistrate, who placed them in the care of an elderly man and his wife until the court should take action in their case. The mother of the trio had eloped with a man, while the father was learned to be in the county jail to await trial for selling whiskey. The police twice had interfered to save the girl from degenerate youths who loafed about the house where the little ones were living without the care of an adult. Their condition was pitiable and their means scant. The case aroused much sympathy and the little ones are now staying as the charges of charitable citizens at a boarding house near the city hall.

DON'TS ON RHEUMATISM

Rheumatism is stubborn as a mule. Hangs on like a leech, wears you out, worries you with pain, drags your vitality, depresses your mind and health. DON'T give up to it. DON'T let it hang on. DON'T overlook Foley Kidney Pills. They are a natural enemy to the conditions that cause rheumatism, which they will promptly remove.—R. R. Bellamy.

TO HOLD MEMORIAL SERVICES.

In Commemoration of 326th Anniversary of Virginia Dare's Birth.

Elizabeth City, N. C., Aug. 18.—Memorial and historical exercises in commemoration of the 326th anniversary of the birth of Virginia Dare, the first white child of English speaking parents born in America, will be held on the north end of Roanoke Island, near the site of the old Sir Walter Raleigh fort tomorrow, the 19th.

Many prominent people will attend the exercises, among them Governor Craig, who is scheduled to address the assembly. An elaborate programme has been arranged, and a free dinner will be served by the people of Roanoke Island to visitors.

These celebrations, which are annual events on Roanoke Island, are a source of much pleasure, and are looked forward to with interest each year.

CONDEMNATION PROCEEDINGS.

To Gain Possession of Site for Federal Building.

Washington, Aug. 18.—Condemnation proceedings were ordered today by the Treasury Department to get possession of a part of the proposed site for the new Federal building at Birmingham, Ala.

The government already owns half of the site and has an option on 150 feet of the other half. In the middle is a lot with 50-foot frontage which is held at too high a figure, and this the government wants condemned. The proposed new building, with the site, will cost $1,000,000.

STOCKS SHOW ADVANCE

Volume of Buying Small—Standard Issues Show Substantial Gains. Weather Conditions Affect the Market.

New York, Aug. 18.—On a comparatively small volume of buying, stocks advanced in all quarters of the list during the forepart of today's session. In addition to the standard issues, oil and electric stocks made substantial gains.

Profit taking, together with some renewed bear selling, cut into the day's gains, bringing back prices in some cases to the opening level. In the final dealings quotations were lifted again, but at the close they fell short of the day's high figures.

Reports of rain in sections where crops have been suffering constituted the principal factor in the day's rise. Commission house buying was somewhat larger, and Europe took stocks more freely, following the advance of American shares in London.

There was a slightly easier tendency in the money market. Bankers reported increasing business in prime mercantile paper. The improved outlook for the money market during the crop moving season, was an influence in stimulating bullish sentiment. In the category of favorable factors was the report of exports of domestic products for July, showing a total of $47,139,000, compared with $33,018,000 last year.

Wells-Fargo made a further decline, dropping nearly 10 points to 90, a new low record. In 1909, this stock sold at 6.70.

Bonds became irregular, after an early showing of firmness. Total sales, par value, $940,000.

U. S. Bonds were unchanged on call. Total sales were 227,800 shares, including: American Tobacco, 100; C. and O., 2,900; L. V., 1,500; N. and W., 400; Reading, 29,300; S. A. L., pfd., 200; Southern Railway, 1,300; T. C., 900; United States Steel, 61,400.

RAISING DIAMOND BACKS.

Company Engaging in Terrapin Culture Near Beaufort.

(Special Star Correspondence.)

Kinston, N. C., Aug. 18.—Terrapin "husbandry" is destined to become a great industry in the sound country lying east of here, and already, encouraged by the government's successful experiments in the culture of diamondbacks, one duly organized and incorporated company is preparing for business. The Diamondback Terrapin Co., Inc., is building large concrete pens at a point near Beaufort, and have stocked four acres with 3,000 of the reptiles, over a third of which are matured.

The plant is a model one, electric lighted, and wires charged with electricity guard the terrapins from thieves. Chas. Hatsell is the culturist and Joseph Monroe the caretaker of the plant. The 30,000 diamondbacks now in the place will be reserved for breeding, and sales will not be commenced for some time. People up the "banks" are expected to engage in the business on a small scale. At Ocracoke, near Hatteras, some of the islanders have grown diamondbacks in pens for many years. They require very little attention and practically no expense to care for, it is said. Local capital is invested in the Beaufort project.

AUTHORITIES UNABLE TO FIND THAW'S TRAIL

(Concluded from Page One.)

sitting in the middle of the back seat."

Crum said he had had no conversation with Barnum, but added that he had seen Barnum and Thaw walking around the yard for the past two or three months and on Sunday morning "Barnum and Thaw walked toward the gate."

Hope Based on Technicality.

New York, Aug. 18.—Sundown tonight marked the 36th hour of Harry K. Thaw's freedom and the police of the United States and Canada had not picked up his trail. They seek him not as the slayer of Stanford White, or as escaped lunatic, but on a warrant issued at Poughkeepsie today, charging him with conspiring with the aged keeper, Howard Barnum, and the five men who managed the asylum delivery. On such a technicality does New York State base its hope of bringing about the fugitive's return. Both factions of the double-barreled government at Albany have promised rigid investigation and the exertion of every effort to bring about his capture.

Thaw's seclusion today and tonight was absolute. Out of the cloud of dust which swirled in the wake of the black automobile bearing him, and his liberators from Matteawan Sunday morning, nothing tangible had come except a laconic leter from Thaw himself assuring his aged mother in New York that he desired rest and would in due time join her at the Thaw country place, Elmhurst, at Cresson, Pa. In obedience to the Mrs. Thaw purposes to start for Cresson tomorrow morning.

Happy, girlish, almost in her joy, Mrs. Thaw exhibited the hastily scrawled note from the son whose escapades have cost the family a million and added that whatever Harry did would meet with her approval. This, in view of his announced intention of entering Pennsylvania, gave basis to the belief that Thaw was preparing to take his case before the courts of that State and relying on the kink in American laws relative to the insane charge with no crime to oppose extradition and duplicate in Pennsylvania if possible, the course of John Armstrong Chaloner, in Virginia.

Conspiracy, according to the district attorney of Duchessen county, constitutes an extraditable offense.

Ready for Legal Fight.

Close associates in the family indicates tonight that the ground work for a legal fight in Pennsylvania had already been laid. Dr Britton D Evans, the alienist who testified on Thaw's behalf at the murder trials, held a telephone conference with Mrs. Thaw this afternoon and it was said that he would accompany her to Pennsylvania tomorrow. There are to be conferences with counsel and in the meantime it is understood Thaw is to remain in hiding.

Figuratively, as well as literally, Thaw left behind him only a cloud of Duchess dust. Rumors of his passage, descriptions of black automobiles, tales of yacht boardings in Long Island, speckled the day's news. That Endymion, of George Lauder, Jr's, a distant relative o fthe Thaws by marriage found mention in the crop of rumors.

After having left Vinyard Haven, Mass., the craft was reported as cruising somewhere in the sound, possibly not far from South Norwalk, Conn., repeatedly mentioned as an objective point for Thaw. While there was nothing to support the theory that Thaw had taken to the seas, this seemed to those who have followed the case to be the likelist course. Leaving Matteawan, only two routes which did not double back into New York State lay open to him. One lay north by land to Canada, thence southwest along the border of the Great Lakes and across Lake Erie to a north jutting nubbin of Pennsylvania. The other is the water route. Aboard ship in the sea Thaw could bide his time in comparative safety and make his way to Philadelphia via the Delaware river and Delware bay.

In view of the fact that entrance into Canada might mean a clash with the immigration authorities there, the theory was advanced that Thaw's advers would not have him take any such risk.

Attitude of State Officials.

Dispatches from Ottawa, though quoting no official, said that if Thaw halted within the Dominion he might be reported as an undesirable alien, although if he bought a through ticket to Europe, there would be no stopping him. The State authorities at Harrisburg, Pa., indicated that if he came within that State his case would be referred to the attorney general's office provided New York asked for his extradition. The Philadelphia police said they would retain him if New York requested it. Connecticut took the view he could be held there as an insane fugitive, but Massachusetts officials were inclined to think that nothing short of a criminal charge would warrant his detention in that State.

Barnum Attacks Officials.

Matteawan, N. Y., Aug. 18.—Attacking the Matteawan asylum authorities for the laxness of administration and maintaining that he is innocent of complicity with Harry K. Thaw in his plot to escape, Howard H. Barnum, for 17 years an asylum attendant, made a statement tonight giving in detail his movements when Thaw made his dash for liberty. Barnum is blamed by the asylum authorities for allowing Thaw to escape.

Barnum's statement, which was through his attorney, Ferdinand A. Hoyt, of Matteawan, after explaining that as keeper of the rear gate, it was his duty to admit any person who had business at the hospital, continues:

"For some time Harry Thaw has been assigned by the superintendent as an assistant in the store room and it has been the custom for the keeper in charge to permit him at certain times in the day to exercise in the outer yard. This yard is surrounded by a high board fence in which there is one gate and there is nothing but this fence between the yard and the road. They have been in the habit of allowing Thaw the liberty of this yard several days every week and his presence there is a usual occurrence."

Tells How It Happened.

Barnum describes at length the manner in which Thaw dashed through the gate to the automobile waiting outside when the keeper admitted the milkman and the statement continues: "Thaw has had access to the yard and permitted at will to go to any part of it. I had nothing to do with regulating his movements and he was in the habit of going out to the gate when I opened and closed it, time and time again. He was given acsess to the yard by the storekeeper with the knowledge of Dr. Kieb, the superintendent.

"None of the attendants are permitted under the rules to carry any firearms or weapons of any kind and the gate is so wide that it impossible for any man guarding it to prevent a patient darting out if he felt so disposed. From the time that Thaw came up behind and leaped from the gate to the time that he was in the car only a brief interval elapsed, and I did all that anyone could possibly have done under the conditions. I tried to pursue him, called after him and when I saw this was of no use I gave an alarm at once.

"Thaw was permitted to use the yard and to go out to the gate and I have never been warned or informed by anyone not to permit him to do so. He had been doing this for some time with the knowledge of practically every one. I had no hint or intimation of Thaw's intention to escape. When he flew past me I was for an instant struck dumb with surprise and then recovering myself I called to him, started in pursuit and then gave the alarm.

Says Dr. Keib is Unfair.

"The efforts of Superintendent Kieb to implicate me in the affair without the slightest ground, is unfair and it seems that they are trying their best to shift the blame from those responsible for the system which made it easy for the escape and rendered it practically impossible for me or any one else in my position to prevent it."

FIGHT BEGINS IN EARNEST.

To Seat Henry D. Clayton as Senator from Alabama.

Washington, Aug. 18.—The fight to seat Henry D. Clayton as Senator from Alabama, began in earnest today. A statement by Senator Robinson, of Arkansas, upholding Governor O'Neal's action in appointing a successor to the late Senator Johnston, became public early in the day, and at the close of the Senate's session tonight Senator Bankhead, of Alabama, asked permission for the public printing of the legal opinions upon which the Governor based his action.

Senator Bankhead said Mr. Clayton's credentials would be presented to the Senate later, but the time had not been fixed.

"A situation exists in the Senate which will require a most careful and painstaking investigation," he told his colleagues. "The Governor of Alabama has no pride of opinion in the matter. When the vacancy occurred and the question of filling it was put up to him, he called upon his legal advisers for opinion as to his authority, and he based his action upon these opinions now submitted."

The Alabama case is the first to test the authority of a Governor to fill a vacancy since the direct election amendment to the constitution was adopted.

The contest centers around the interpretation of the concluding words of the new amendment to the constitution, providing that the amendment shall not be so construed as to affect the election or "term of any Senator" chasen before it became valid as part of the constitution. Senator Robinson asserted in his statement there were decisions holding that a "term of office does not end with the death of the occupant, but that the term continues for the statutory period."

RECORD BREAKING SHOTS.

Made in Matches of Rifle Association at Camp Perry.

Camp Perry, O., Aug. 18.—Another day of record breaking shooting has been concluded in the third of the National Rifle Association matches. The second stage of the Governor's cup match gave Lieut. Hawley, of the United States infantry the cup with a score of 244 out of the possible 250.

During this match Lieut. Winder, who was the winner of the adjutant general's cup, scored 230, which gave him 40th place.

Some world's records were made today in the enlisted men's match which was shot on the 600 and 1,000 ranges. Sergt. C. N. Wolford, of Oregon, and Sergt. H. F. Pearson, of Oregon, made 26 consecutive bulls eyes, shooting as a pair for the first time on record.

HUERTA REFUSES ALL PRSPOSALS OF PEACE

(Concluded from Page One.)

answer to Washington and is awaiting a reply.

President Huerta in his reply told the United States that he would tolerate no interference even though that interference might be characterized as friendly mediation. The character of the reply of Washington to Huerta's note will determine the next action in the international drama.

All those connected with the American embassy refuse to admit the receipt of the note and that it had been sent was not admitted officially by the Mexican government. At the embassy there was an evident desire to appear optimistic and one was led to believe that Mr. Lind still hoped for a continuation of the negotiations. Those familiar with the workings of the Mexican administration expressed doubt as to the government again opening the subject for discussion.

President Huerta's failure to live up to what was regarded as the spirit of his recent note, in which he said Mr. Lind would be regarded as "persona non grata" if he did not bring to Mexico proper credentials, together with recognition of the republic by the United States had caused the public to believe that there is a possibility that he intends to receive in favor in part at least, the suggestions of the Washington administration.

Those most intimate with Huerta expressed no surprise in declaring that, in their opinion, Huerta had voiced his sentiments fully and unalterably when he stated publicly more than a week ago that he would brook no interference in the work of pacification of Mexico. The rate of exchange on New York today reached 2.73, and in banking circles the opinion was expressed that tomorrow it will be three for one. The explanation given is an increased demand for mercantile foreign accounts with the decreased production and export of silver.

reference to seating Henry D. Clayton to fill the unexpired term of Senator Johnson, of Alabama. Clayton, it is now believed, has a fair chance of winning out.

Should Clayton be seated, Representative E. Yates Webb, of the Seventh North Carolina district, will succeed him as chairman of the House Judiciary Committee, one of the most powerful committee assignments in the lower branch of Congress.

Joseph D. Lassiter, of Wilmington, secretary to General Superintendent Smith, of the Coast Line, spent Sunday here with his father, Mr. W. Lassiter.

Commissioner Osborn went to Richmond today to attend the funeral of Miss Mae Jones, daughter of William K. Jones. Miss Jones was a cousin of Mrs. Osborn and Mr. Jones is well known in North Carolina tobacco districts.

Negro Mail Clerks.

Representative Godwin has received a letter from a postal clerk at Wilmington protesting against the custom of the Postoffice Department of appointing negro mail clerks over white men on the run between Wilmington and Norfolk. It is said that the service has been demoralized on account of the presence of these ebony hued gentry in mail cars, and Godwin is asked to take some action in the matter. Mr. Godwin will have the matter brought to the attention of the Postmaster General at once. P. R. A.

TENNIS CHAMPIONSHIP SERIES.

Contenders for Titular Honors Go Through Initial Rounds.

Newport, R. I., Aug. 18.—Playing true to form, the real contenders for titular honors in the 33rd annual championship singles tournament came through the initial rounds today without upset. Maurice E. McLaughlin, present title holder, led the California contingent, every member of which scored victories in the first or second rounds. The Eastern division, including Clothier, Touchard, Williams, Voschell, Dabney and Wallace Johnson, was equally successful. The pairings, however, failed to produce any star matches.

Of the three foreign players entered, two were eliminated, and the third won his way into the second round. Baron H. Von Lorsner defeated Louis H. Hobbs in straight sets, but his brother, K. Von Lorsner, after playing four fast sets against E. C. Wilson, defaulted in the figth with games five to four in his favor. P. A. Valle, of England, drew Alfred Dabney as opponent in his initial match and lost in straight sets.

Much of the attention of the gallery was devoted to the play of the members of the Davis cup team, and the youthful entrants from the Pacific coast.

McLoughlin, in his early match showed the effects of his hard play abroad and the subsequent lack of practice.

He easily defeated his opponent, Amos Pinchot, who, handicapped by a lame knee, could do nothing with McLoughlin's service and stroke. The champion, however, demonstrated that his judgment of distance and angles was not at its best. Another day of play will probably find him in his old time form again.

William M. Johnston and Clarence Griffin moved into the second round in defaults by opponents, but J. R. Strachan had to defeat F. T. Frelinghuysen in straight sets to keep pace.

Both Strachan and Johnston, who met and defeated William Blair in the second round, had their speed and placement tackles under perfect control, playing up to the form shown in various tournaments this tournament.

The grand stand court has been allotted to R. Norris Williams 2nd, and Gustave F. Touchard for tomorrow's feature match. Williams entered the second round by default on the part of R. C. Seaver and Touchard won his way by defeating Walter Roberts, of Hartford, Conn., in straight sets.

BANDIT BOARDS TRAIN.

Jumps From Car After Holding Up Four Passengers.

Kansas City, Mo., Aug. 16.—A bandit who boarded a Pullman car of the St. Louis and San Francisco passenger train known as the Meteor at the union station here tonight, held up four passengers on the car soon after the train left for Oklahoma and Texas. The robber escaped by jumping from the train.

Nanaimo, B. C., Aug. 16.—Warrants for the arrest of the more than 100 miners implicated in the disturbances here and at Extension were issued today. The men will be gathered in by the provincial police.

Judge Mary Bartelme, of Chicago, declares that no jury composed exclusively of either sex can be a perfectly balanced organization.

ECZEMA 25 YEARS FACE A MASS OF IT

Says "Resinol Cured Me of One of the Worst Cases Anybody Ever Saw."

Philadelphia, Pa., Sept. 20, 1912.—"I had eczema for the last twenty-five years, and have been afflicted so badly that for weeks I could not go outside the door. My face was one mass of pimples, and not only the looks of it but the itching and burning pains I experienced were just dreadful. I lost a great deal of sleep and had to keep dampened cloths on my face all night to relieve the pain. I had become disgusted with trying different things.

"One day I made up my mind to try Resinol, and after using one jar of Resinol Ointment, and one cake of Resinol Soap, I saw the difference, and now my face is as clear as anybody's, and I certainly don't need to be ashamed to go out. Resinol Soap and Resinol Ointment cured me of one of the worst cases of eczema, I guess, that any body ever saw." (Signed) Mrs. C. Hellmuth, 5611 Appletree Street.

Try Resinol yourself and see how quickly the itching stops and stubborn eruptions disappear. Resinol Ointment and Soap are sold by all druggists. For free trial, write to Dept. 19-M, Resinol, Baltimore, Md.

LUMBERMAN'S DEATH MYSTERY.

Authorities Attempting to Unravel Mystery Surrounding His Passing.

Duluth, Minn., Aug. 16.—Every effort is being made by the police to unravel the mystery of the death yesterday of John McAlpine, the wealthy lumberman who was found shot to death in the basement of his home in the fashionable East End district.

The authorities are trying to determine whether murder was committed.

The developments in the investigation thus far have not supported the family theory of suicide according to the police. They can find no motive for self destruction in Mr. McAlpine's business affairs, his condition, or his state of mind.

The authorities declared they are hindered in the investigation because they did not learn that a shooting had occurred until he body had been removed from he basement of the home. The revolver, a 48-calibre automatic, was found under the basement steps. On the determination of the question of suicide will rest the payment of $140,000 in accident policies held by Mr. McAlpine. Policies amounting to $65,000 are straight life insurance and not contestible.

Without completing its work, the coroner's jury late this afternoon closed its work for the day and adjourned until Monday.

Mrs. McAlpine was on the stand the greater part of the afternoon and was closely examined. Her testimony was to the effect that she believed Mr. McAlpine had died as the result of the accidental discharge of his own revolver, and in this belief she was borne out by her son, Dale McAlpine.

The revolver was identified at the inquest as one belonging to Mr. McAlpine.

As far as earthquake activity is concerned, Italy and Japan are about on a par.
